Minutes of the Town Board Meeting

of the

Riverhead Town Board

Meeting held at Riverhead Town Hall, Howell
Avenue, Riverhead, New York, on Tuesday,
November 20, 2012, at 7:00 p.m.

MEMBERS PRESENT:

Sean Walter,	Supervisor
John Dunleavy,	Councilman
James Wooten,	Councilman
Jodi Giglio,	Councilwoman
George Gabrielsen,	Councilman

ALSO PRESENT:

Diane M. Wilhelm,	Town Clerk
Robert Kozakiewicz,	Town Attorney

DEPARTMENT HEADS PRESENT:

Jeff Murphree
Richard Hanley
Meg Ferris
George "Gio" Woodsen
Gary Pendzick
Mason Haas
Chris Kempner

ORIGINAL

1   (The meeting was opened at 7:00 p.m.)

2   (The Pledge of Allegiance was recited.)

3   SUPERVISOR WALTER: Pastor Halpin, are

4   you doing our invocation today?

5   PASTOR HALPIN: I am, I am.

6   SUPERVISOR WALTER: Would you like us to

7   sit or stand?

8   PASTOR HALPIN: I would just stay

9   standing, if you would.

10   SUPERVISOR WALTER: I would.

11   PASTOR HALPIN: That would be great.

12   Would you pray with me?

13   Father, we thank you on this week that

14   our country celebrates Thanksgiving in our

15   homes and in our neighborhoods.

16   We thank you for this Town. We thank

17   you for the men and women that make up this

18   Town. We thank you for those who serve it

19   each and every day and the offices they are

20   appointed to. Lord, we thank you for each and

21   every employee that is part of the greater

22   government here in Riverhead.

23   Father, we ask your blessing upon this

24   Town and upon their families. We ask for your

25   protection among each and every one of them.

1   And, God, we ask that you continue to guide

2   and direct our leaders. We ask that you give

3   them wisdom to see to what is needed to be

4   made, the decisions.

5   And, Father, most importantly, we ask

6   that each and every one of us rely on your

7   grace and your forgiveness for each and every

8   day.

9   And, God, we pray for those that are

10   sitting here tonight. May their words be

11   sweet and may their thoughts be of

12   Thanksgiving of each other.

13   In your Son's name, we pray. Amen.

14   SUPERVISOR WALTER: Thank you, Pastor.

15   COUNCILWOMAN GIGLIO: That was very

16   nice, Pastor. Thank you.

17   SUPERVISOR WALTER: North Shore

18   Christian Church in Riverhead. Okay. John?

19   COUNCILMAN DUNLEAVY: Okay. I'd like to

20   make a motion that we approve the minutes, the

21   Town Board minutes of November 7th, 2012, and

22   the Special Town Board minutes of November

23   15th, 2012. So moved.

24   COUNCILMAN GABRIELSEN: And seconded.

25   SUPERVISOR WALTER: Moved and seconded.

1   Vote, please?

2   (Roll Call Vote by Town Clerk.)

3   COUNCILWOMAN GIGLIO: Abstain. I didn't

4   have had a chance to read the minutes.

5   COUNCILMAN GABRIELSEN: Yes.

6   COUNCILMAN WOOTEN: Yes.

7   COUNCILMAN DUNLEAVY: Yes

8   SUPERVISOR WALTER: Yes.

9   MS. WILHELM: The minutes are approved.

10   SUPERVISOR WALTER: Okay. Applications.

11   MS. WILHELM: Under Applications, we

12 received an application from Competitive

13 Events Group to do -- and I don't know what

14 this is. A duathlon? Duathlon?

15   SUPERVISOR WALTER: Triathlon?

16   MS. WILHELM: Is that right? No.

17   SUPERVISOR WALTER: Yes. Yeah, I think.

18   MS. WILHELM: That's what they wrote.

19 Is that a word?

20   SUPERVISOR WALTER: It was a triathlon,

21 now it's not.

22   MS. WILHELM: They call it a Duathlon/Run

23 at Schiff Scout Reservation on September 14,

24 2013.

25   Under Correspondence, the Riverhead Fire

1   District, letter thanking Highway

2   Superintendent Gio Woodsen and the Town of

3   Riverhead Highway Department with help in

4   recovering a brush truck during Hurricane

5   Sandy.

6   Under reports, the Tax Receiver

7   submitted their Utility Collection Report for

8   October; $744,570.12.

9   The Building Department submitted their

10   Monthly Report for October, that was

11   $71,040.97.

12   For Fire District information, Jamesport

13   and Riverhead Fire Districts have submitted

14   letters announcing their Annual Election, and

15   those are both for December 11th, 2012. And

16   that's it.

17   SUPERVISOR WALTER: Any other Town Board

18   reports?

19   COUNCILMAN WOOTEN: No. We've got the

20   bonfire coming up on December 8th, but I'll

21   announce that in more detail at the next

22   meeting.

23   COUNCILMAN DUNLEAVY: December 2nd, the

24   Lions Club is having their "Welcome Santa"

25   Parade on Main Street. It starts at 1:00 at

1   Griffing and Court Street, and goes down to

2   Riverhead Grill, and then into the parking

3   lot. So bring the kids. Santa Claus is going

4   to be there, Mrs. Santa's going to be there,

5   and we're all going to have fun.

6   SUPERVISOR WALTER: Mrs. Claus?

7   COUNCILMAN DUNLEAVY: Mrs. Claus will be

8   there.

9   SUPERVISOR WALTER: Okay. Good. Anybody

10 else?

11   (No response.)

12   All right. We will go -- we're going to

13 reopen the public hearing from last Board

14 Meeting, and this was a continuation of a

15 public hearing from November 7th, Town of Riverhead

16 Freshwater Inventory Map for McGann-Mercy High

17 School.

18   And we have folks from McGann-Mercy who

19 would like you to present that application, if

20 you would. At the podium. Yeah, you're going

21 to have to give us your name and affiliation.

22   MR. TERRY: I'm Bob Terry, I'm here from

23 Mercy High School.

24   MR. SEMLER: Carl Semler, Principal of

25 McGann-Mercy High School.

1   SUPERVISOR WALTER: Okay. Why don't you

2   present what we're doing here, because we need

3   to have that for the public record. This is

4   the public hearing public record part, it all

5   has to be put on the record.

6   I did incorporate the entire file in the

7   last Board Meeting to the record, and thatat

8   there is a -- there was a question. The lady

9   that lives across the street in a house, one

10   of the old farm houses with the new front

11   porch, she said. She couldn't come today, but

12   I said I would ask two questions. One of them

13   has nothing to do with this.

14   She wants to make sure the lights are

15   not on all the time on the ball fields shining

16   on her house, so I've said that.

17   And the other one is she wants to make

18   sure, and I don't know how you -- there's

19   going to be assurances that doing this isn't

20   going to cause increased flooding to her

21   basement.

22   So, with that mind, if you want to

23   present what we're doing, that would be great.

24   MR. TERRY: Okay. I was under --

25   SUPERVISOR WALTER: You can lift that,

1   Bob, if you need to.

2   MR. TERRY: Yeah. I was under the

3   understanding that we were answering those two

4   questions tonight. I thought everything else

5   was already in the record, but do you want me

6   to go through the entire project?

7   SUPERVISOR WALTER: Yeah. You've got to

8   go through the entire application for the

9   public record, yes.

10   MR. TERRY: Okay.

11   SUPERVISOR WALTER: What we discussed at

12   the Work Session wasn't the public record,

13   this is the public record.

14   MR. TERRY: Okay. A description of the

15   project?

16   SUPERVISOR WALTER: I would start there.

17   MR. TERRY: Okay, sure. Essentially,

18   what we're doing is we're taking the wetland

19   that is to the west of the tennis courts on

20   the Mercy property and expanding it by

21   essentially three times the amount we're going

22   to give up on the east side of the tennis

23   courts.

24   There's a portion of wetland that's

25   actually dry, but it's a wetland on the corner

1 of Ostrander and Middle; that once we're done

2 with the first phase to the west, we're going

3 to fill that portion in.

4   In order to get the approval for that,

5 we needed to demonstrate to the DEC that we

6 were going to replace at least three times the

7 amount lost, and that was, in fact,

8 demonstrated and granted a permit.

9   In addition to that, the quality, the

10 water quality and the quality of the wetland

11 that's presently on the property has degraded

12 greatly because of the lack of depth of water.

13 It wouldn't sustain life through the entire

14 summer.

15   And the the invasive plant species all

16 around the ponds, there's mostly poison ivy

17 and knotweed around both ponds.

18   The intention and the approval of this

19 project would include removal of all the

20 invasive species and replacement with over --

21 I think it's 11,000 new native plantings.

22 Some of them are wetland plants, and some are

23 like a common Eastern Red Cedar, anything from

24 a full tree to a wetland plug. The entire

25 area is going to be made into a functioning

1   wetland that serves a much greater purpose

2   than the one that's ther there presently.

3   In addition to that portion of the work,

4   we offered to bring in some of the water off

5   of Middle Road that has been a problem in the

6   past. When we first started doing this, it

7   was with the prior Highway Superintendent, and

8   then we've since moved on to Gio and he fully

9   supports the project, because he really needs

10   all the help he can get over there to get the

11   water off the road.

12   So we offered, in a regulated fashion,

13   to bring in some of the storm water off that

14   road. As the wetland functions, we will bring

15   it in, into what's is called a forebay, which

16   is basically a deeper pocket at the beginning

17   of the project where the heavier sediments,

18   the larger grain-sized particles of sand would

19   settle out, and then the water would pass from

20   there. That would be like a collecting point

21   for, say, road sand and other sediments that

22   might come down Roanoke Avenue off the farm

23   fields.

24   The next trip or step along the journey

25   for the water coming into our wetland is to

1   pass into a small stream that runs along

2   Middle Road. As it passes through that

3   stream, it's going to pass over different

4   types of wetland plants that were specifically

5   chosen because of their noted ability to

6   absorb different pollutants, different

7   targeted pollutants.

8   In a high-flow event, we also have added

9   capacity to that pond so that we could take in

10   more water than we currently handle now. The

11   extent that we can do that, we have to

12   regulate with weir boards. The weir boards

13   are to control the amount of water that comes

14   in and how quickly it leaves the site. It's

15   really a very simple thing. You have weir

16   boards down on Grangebel along the Peconic

17   River in many places. Their operated by

18   Jim --

19   SUPERVISOR WALTER: Divan.

20   MR. TERRY: Divan, yes. I don't want to

21   say that they're simple to operate, they're --

22   he does a great job with it, but it's a simple

23   mechanism that works very well. And we can

24   very quickly control the water level.

25   If, for some reason, a completely

1   unexpected turn of event should come where we

2   -- where you would be flooded, we could

3   probably take more. Or if someone decided

4   that they thought that there was a problem

5   with what we were doing, we could turn it off.

6   If, for some reason, you decided at some point

7   you didn't want us to take your water, I can't

8   imagine why, but if you did, we would just

9   have to raise the weir boards and the pond

10   would function as it -- you know, as it's

11   designed without it.

12   Once it gets through the stream, it

13   passes into the main body of the pond where

14   the fine sediments would fall out of

15   suspension. At that point, the water then

16   passes over another set of weir boards and

17   drops into a manhole, and goes back out into

18   your drainage system on Middle Road.

19   Now, just for your knowledge, between

20   the woman's property and us is a drainage

21   system that the Town owns, it runs down Middle

22   Road. They're not sealed pipes, that's

23   perforated pipe under that road. So every

24   time it rains, you don't just put water in

25   those pipes, you put water in the ground. So

1   I don't really see how anything we're doing

2   would have any impact on her.

3   SUPERVISOR WALTER: Actually, it would

4   be less if you took some of the water out of

5   those pipes.

6   MR. TERRY: That's right. If anything,

7   I would think we would help.

8   SUPERVISOR WALTER: Well, George

9   Woodson's here, we might ask him a question.

10   This is about McGann-Mercy wetlands. I don't

11   know, George, if you are following any of

12   this, but we might ask you that question about

13   the perforated pipes, if you can answer it. I

14   don't know if you can. Yeah, if you could.

15   MR. WOODSEN: I believe that the pipe is

16   perforated. It also runs all the the way down

17   past, I believe, just across from where

18   Timothy Hill has their little storage hut, and

19   then there's a bubble-out system that bubbles

20   out to where the old duck pond used to be.

21   SUPERVISOR WALTER: So this Mercy

22   project, it's something you generally support

23   because it's able to take some of our water;

24   is that accurate?

25   MR. WOODSEN: Well, not only that, I

1   like the idea of the filtration system that's

2   going to be imposed with it. And with the

3   amount of water we get, until we can do some

4   other things on Roanoke, it would help, you

5   know, divide the water maybe in half and take

6   some of that water and help us -- it will help

7   us out with the drainage system we already

8   have on Middle Road, and it will also help

9   out, take a little bit more water onto their

10   property.

11   SUPERVISOR WALTER: All right. Thanks.

12   I appreciate it, George.

13   MR. TERRY: To continue with the

14   description of the project, the pond that we

15   intend to -- pond or recharge basin that we're

16   looking to eliminate is, in fact, the one

17   that's closer to Mrs. --

18   SUPERVISOR WALTER: You don't have to

19   say her name.

20   MR. TERRY: Okay.

21   SUPERVISOR WALTER: She's not here and --

22   MR. TERRY: Yup.

23   SUPERVISOR WALTER: But I did notice

24   that her house is directly across the street

25   from --

1   MR. TERRY: Right, the one that we're

2   looking to fill in. So, in fact, the larger

3   body of water that we're creating is going to

4   be further from her house --

5   SUPERVISOR WALTER: Right.

6   MR. TERRY: -- than the current one

7   that's there now, that I can't imagine has

8   ever caused her any problem.

9   So, with that said, the other portion of

10   the project that I think is really worth

11   noting is that we intend to use this project

12   as an educational facility that will be open

13   to other schools eventually. We've teamed

14   with universities, Fordham University and

15   Molloy College, to help us develop curriculum

16   to teach our East End community, starting with

17   our own on campus, about the function and

18   value of wetlands.

19   In the long run, what we would like to

20   see is this to become a great field trip

21   destination for students all over the County

22   to come out and really learn about what a

23   wetland looks like, how it functions.

24   One of the main ways towns identify a

25   wetland, one of the first things you start

1   with, is plant identification. That's usually

2   the first thing that someone says, "Wait a

3   minute, that's a wetland plant." It doesn't

4   necessarily mean it's a wetland because it's a

5   wetland plant, because they'll sometimes grow

6   upland, but that's the first thing that should

7   raise your consciousness that maybe there is a

8   wetland here.

9   Our intention is for our students and

10   other visiting students to learn how to

11   identify wetland plants so that we can protect

12   these assets, which is really what they are,

13   not just on our property, but in their own

14   communities, wherever they are. These

15   wetlands serve -- you know, these plants are

16   really unique in that they have the natural

17   ability to clean up pollution, and we need to,

18   you know, educate people about that. And I

19   think that there's as much value to that as

20   the the actual drainage function of this

21   project.

22   SUPERVISOR WALTER: Sounds like a

23   win/win to me.

24   MR. TERRY: I'm not sure what I've --

25   you know, I'm trying to put a whole lot into a

1   short time. Do you have other --

2   SUPERVISOR WALTER: No. Well, we took

3   the whole file with your maps and everything

4   and incorporated it into the record, so, you

5   know, we're familiar with that. I don't know.

6   Does the Board have any questions before I

7   open it up?

8   COUNCILMAN DUNLEAVY: I just have one

9   question. Speaking to the same lady that this

10   references, and also some people on Roanoke

11   Avenue who constantly used to pump out their

12   basements because they get groundwater, now

13   she stated that this pond that we're filling

14   in, and I always thought it was a drainage

15   pond, and I guess it's not, it's fed by

16   springs underground. So she's afraid --

17   MR. TERRY: Well, the springs aren't

18   there now, because you could walk across there

19   right now, it's dry today.

20   COUNCILMAN DUNLEAVY: Okay, yeah. But

21   she's afraid that if you fill it in if the

22   springs put more water there, instead of

23   coming up, it will disperse to her yard, and

24   the underground water will come up more.

25   That's where she took it.

1   MR. TERRY: All right. Well, we'd be --

2   COUNCILMAN DUNLEAVY: I don't know if

3   it's fed by springs or --

4   MR. TERRY: It's more surface water, and

5   none of it comes off your roads. It's really

6   just from our property now, and we're going to

7   direct it from that spot to the bigger

8   wetland, which is away from her property.

9   COUNCILMAN DUNLEAVY: Okay.

10   MR. TERRY: Now, it's not like we're

11 installing, you know, a slurry wall or a

12 cutoff wall at the property line that's going

13 to -- I mean, we do that sometimes as a

14 contractor to cut off water.

15   We're not changing or stopping the water

16 from flowing through Mercy in a subsurface

17 way, that will continue.

18   Now, the study of what happens

19 underground is enormously expensive for that

20 watershed, because that watershed goes above

21 Reeves Avenue. I mean, it's way beyond what

22 we as a small school, trying to handle our own

23 issues, we're able to take on. So that's why

24 I leave open the idea of the weir boards. If

25 there ever is some unintended consequence of

1   this, we have a way to handle it pretty

2   easily.

3   It's pretty -- I mean, we've had quite a

4   few engineers looking at this, including your

5   Town Engineer, Ken Testa, and everybody seems

6   to really support it and not see where it's

7   going to cause an unintended consequence to

8   the drainage issues for someone else in that --

9   COUNCILMAN DUNLEAVY: Thank you. I said

10   at the last public hearing that I thought this

11   was a win/win for the Town, but I just want to

12   ask that question, because numerous people in

13   that area have asked me this question and I

14   did not have the answer. So --

15   MR. TERRY: Okay.

16   COUNCILMAN DUNLEAVY: -- I'd rather ask

17   a professional for that answer. Thank you.

18   COUNCILMAN WOOTEN: I just have one

19   question.

20   MR. TERRY: Sure.

21   COUNCILMAN WOOTEN: I realize that the

22   duck pond to the east side of Ostrander is

23   much lower, so that would probably be affected

24   by the spring water more than that --

25   MR. TERRY: Right, groundwater.

1   COUNCILMAN WOOTEN: Right, groundwater

2   rising. Do you know history? Do you know

3   where that depression came from? Was that

4   something that was man-created years ago and

5   in the direction of the school or is it

6   something that's always existed, do you know?

7   MR. TERRY: I'm not sure. I'm told that

8   it was manmade, but when, I don't know. I

9   couldn't find the records on it. We couldn't

10   find any pipes going into it. We couldn't --

11   you know, I don't know. It's more of a

12   seasonal water body, you know. There's

13   certain times of the year where there's some

14   water in it and other times where there isn't,

15   so I don't know.

16   COUNCILMAN DUNLEAVY: Thank you.

17   COUNCILMAN WOOTEN: Thanks.

18   COUNCILWOMAN GIGLIO: The question that

19   I have for you is when you excavate for the

20   new drainage system that you're proposing, and

21   you're going to -- in reading the DEC permit,

22   it appears that you're going to be stockpiling

23   on the property and you'll be filling in the

24   old wetlands with the material that you take

25   out of the new drainage area.

1   MR. TERRY: Right.

2   COUNCILWOMAN GIGLIO: Are you planning

3   to scour the existing wetland so that it

4   drains properly, and fill it with material

5   that will drain, so that it would be more

6   effective than what you have there now?

7   MR. TERRY: You're the first person

8   who's asked that, but absolutely, yes. Yeah,

9   that's very important to do. And as we fill

10 it, it will be compaction tested and it will

11 be tested to make sure that it drains right.

12   If it turns out, and that's a

13 contingency we have in our budget, if it turns

14 out that some of that material is not

15 appropriate to put over there, it's going to

16 have to go, and we have several sources of

17 clean sand and gravel to put in there.

18   COUNCILWOMAN GIGLIO: And will that

19 material be tested as part of the DEC permit

20 for contaminants?

21   MR. TERRY: Oh, yeah, it will have to be.

22   COUNCILWOMAN GIGLIO: Okay.

23   MR. TERRY: Yeah.

24   COUNCILWOMAN GIGLIO: Very good.

25   MR. TERRY: That's required.

1   COUNCILWOMAN GIGLIO: Thank you.

2   COUNCILMAN GABRIEL: How deep is the

3   excavation? I mean, how deep are you going

4   down.

5   MR. TERRY: Right now, we're probably

6   going to go in the deepest part, maybe five to

7   six feet deeper. The data we have right now

8   is a few years old. We'll have current data,

9   but the problem with ponds is if they're not

10   deep enough in some spot in the pond, it gets

11   too warm and it won't sustain life. It just

12   gets too warm and you see that green slime go

13   across them and everything dies. So you need

14   some deeper pockets in the pond to keep the

15   water a little cooler, and you get like a

16   convection-type movement of the water when you

17   have it deep enough.

18   SUPERVISOR WALTER: All right. Does

19   anybody else wish to be heard on this? Not

20   seeing anybody, I'm going to close out the

21   public hearing. Thank you very much. I

22   appreciate you guys coming in today. Thank

23   you.

24   COUNCILWOMAN GIGLIO: Thank you.

25   SUPERVISOR WALTER: 7:05 having arrived,

1   we're going to open the second Public Hearing.

2   And this is -- Chris, is this -- this is a

3   Public Hearing inviting residents to express

4   citizen views on local housing and community

5   development needs to meet with the Federal

6   Block Grant Funds.

7   Chris, if you want to give us some more

8   information than that, that would be great.

9   MS. KEMPNER: Okay.

10   MS. WILHELM: Chris, would you introduce

11   yourself? I'm having a new transcriptionist

12   do the minutes, so she won't know who the

13   people that are speaking.

14   MS. KEMPNER: Sure. My name is Chris

15   Kempner and I'm the Director of the Community

16   Development Department that administers the

17   Federal HUD Community Development Block Grant

18   Program, which is part of the Suffolk County

19   Consortium. So our funds are applied for as a

20   consortium through the County, and we allocate

21   them following Federal rules, which include a

22   public hearing to get public input on how we

23   use these funds.

24   So this Public Hearing is to solicit

25   comments and input as to our 2013 CDBG

1 application under the Suffolk County

2 Consortium allocation.

3   The Town of Riverhead 2013 Community

4 Development Block Grant funds are expected to

5 total approximately 132,852, and has in the

6 past included allocations for the Home

7 Improvement Program, Program Administration,

8 Public Services, Public Facilities, and Public

9 Infrastructure Projects.

10   Public Service projects may not exceed

11 $20,000 in total, which is about 15% of the

12 total grant, and may not be for less than

13 5,000 individually.

14   In the past, we've assisted soup

15 kitchens, homeless outreach, and also

16 anti-drug programs. We provide money to

17 services that benefit at least 51% low to

18 moderate income persons, which is a

19 requirement of the grant.

20   For public service project facilities,

21 projects must be located in low to moderate

22 income areas, or serve special populations

23 such as seniors.

24   The Community Development Department in

25 the past has allocated money to pedestrian

1   projects, infrastructure improvement projects,

2   and some suggested potential grant allocations

3   for the upcoming year. Public Facility

4   Projects would be to the Town of Riverhead

5   Home Improvement Project, which we tend to

6   fund annually through this program.

7   Potentially $70,000 of this funding would go

8   towards that. And we anticipate leveraging

9   that with a grant from the Affordable Housing

10 Corporation, which traditionally has funded

11 60% of our Home Improvement Program, with 40%

12 coming from the CDBG funds. So we would look

13 at a total of about 180,000, if we use 70 for

14 the Home Improvement.

15   And we were also looking at perhaps

16 Pedestrian Improvement Program money and

17 allocating some funding for administration

18 funds, which would be limited to approximately

19 10% of the total Town of Riverhead allocation,

20 and that would be about 13,000.

21   Final determinations must be approved at

22 the December 4th meeting, and all project

23 descriptions will be submitted to the Suffolk

24 County Development Office at that time.

25   If you had any additional questions, I'd

1   be happy to answer those. Most likely, people

2   from the audience would stand up and ask for

3   their cause.

4   SUPERVISOR WALTER: All right. With

5   that being said, if the Board does it have

6   questions, we'll open it up. No? We'll open

7   it up to the community. Does anybody wish to

8   be heard?

9   MS. MORRIS: Hello. Regina Morris, as

10   you know.

11   I had gotten monies through Community

12   Development. I'm just wondering if you're

13   still working on manufactured homes.

14   SUPERVISOR WALTER: Yes, I believe so.

15   That hasn't changed.

16   MS. MORRIS: Because I was at your

17   website to download an application for home

18   improvements, and as far as mobile homes go,

19   it's not working.

20   SUPERVISOR WALTER: We could take a look

21   at that. The Public Hearing is for the grant

22   itself, but if there's a problem with the

23   application -- do we -- Chris, do we do the

24   grant applications online, because that's

25   something that wouldn't be part of this public

1   hearing, I don't think.

2   MS. KEMPNER: Yes. The applications for

3   somebody who wants to partake in the program

4   is online. And we also have it in hard copy,

5   we could mail it out.

6   SUPERVISOR WALTER: Okay. That's not

7   the subject of this hearing, but we'd be happy

8   to give you an application, and we'll look

9   into it to make sure it works online.

10   MS. MORRIS: Well, I just want to know

11   that if you do get funding through this

12   program, is there any protection for the

13   homeowner when there's violations of contract,

14   breach of contract, things not done to code?

15   What type of protection --

16   SUPERVISOR WALTER: Of course there are,

17   but that's not something that -- that's not,

18   again, the subject of this public hearing.

19   You know, we have to follow Town Codes, we

20   have to follow New York State Building Codes,

21   there's contract law, of course. But, again,

22   that's not really the subject of this hearing.

23   MS. MORRIS: Right. But I just want to

24   know, if someone puts in an application and

25   there is violations --

1   SUPERVISOR WALTER: There is

2   absolutely -- things have to be built to the

3   New York State Building Code and the Town

4   Code, that's your protections.

5   MS. MORRIS: And if they're not, which --

6   SUPERVISOR WALTER: I'm not --

7   Ms. Morris, that's not the subject of this

8   hearing.   We're not going to get into that

9   this evening.

10   MS. MORRIS: Well, I wish I knew these

11   things before being eligible for a grant,

12   because now I'm in a position where I had

13   gotten a grant and the contractor was not

14   certified to work on my home.

15   SUPERVISOR WALTER: Ms. Morris, I really

16   want to keep you focused on the block grants,

17   the thing Ms. Kempner -- the description

18   Ms. Kempner provided for you.   I really don't

19   want to get into individual issues.   You've

20   come here and spoken before.   We'd be very

21   happy to work with you, but that's not -- your

22   individual complaint is not necessarily the

23   subject of this hearing.

24   MS. MORRIS: Well, yes, because there's

25   no protection for anybody that gets a grant

1   for home improvements.

2   SUPERVISOR WALTER: Well, when you

3   finish up, I'll have Ms. Kempner respond to

4   that aspect. MS. MORRIS: Well, why can't I

5   just find out now and let everybody know

6   exactly what's going on with Community

7   Development.

8   SUPERVISOR WALTER: As soon as you're

9   done with your comments, I will have her

10   answer, and then I'll bring somebody else up.

11   So if that's your -- if that's in your

12   comments, I'll have her come up and answer

13   that, as far as protections.

14   MS. MORRIS: I'd also like know, in

15   Community Development, one of the people that

16   you had gotten rid of out of the 11, regarding

17   the budget, you're looking to replace two

18   jobs, correct? I believe I had read that on

19   the Riverhead local website.

20   SUPERVISOR WALTER: That remains to be

21   seen.

22   MS. MORRIS: Okay. Well, anyway, I was

23   just wondering, you had let go of Liz. She

24   was the Grant Technician, or I'm not quite

25   sure of --

1   SUPERVISOR WALTER: You're getting

2 astray of this public hearing.

3   COUNCILMAN WOOTEN: This is for

4 community block grants and these community

5 block grants are for a lot more than just the

6 Home Improvement Program. There's soup

7 kitchens, there's outreach programs. There's

8 a lot of people that apply for different

9 aspects of this particular block grant.

10   MS. MORRIS: Right.

11   COUNCILMAN WOOTEN: And there's a lot of

12 people in the audience now that would like to

13 be heard as far as what they could apply these

14 applications to.

15   So I think your comments about what

16 happened to you individually is probably best

17 for at the end of the meeting under comments.

18   MS. MORRIS: Just so everybody is

19 protected and they know what they're getting

20 into when they become involved with CDA.

21   COUNCILMAN DUNLEAVY: I don't think we

22 can answer that question.

23   COUNCILMAN WOOTEN: Right.

24   MS. MORRIS: Well, you're the Board

25 Members, you belong to it.

1   COUNCILMAN DUNLEAVY: As long as it's up

2   to State Building Codes and the Riverhead

3   Building Code, you should be protected. And

4   you should go and seek legal counsel if you

5   don't think that it was done to those

6   specifications, and bring it to the Town that

7   way. That's the only thing.

8   We cannot make a decision here on your

9   situation as far as concerning the workmanship

10   at your home.

11   MS. MORRIS: I'm talking about the way

12   it's run, not my own personal experience and

13   what has gone on.

14   COUNCILMAN DUNLEAVY: Well, the grants

15   help 99.9% of the applicants. I don't know

16   what happened to you. If it was wrong, then

17   it should be remedied. But the way to remedy

18   that is not through this Town Board right now,

19   because we cannot make that decision. We are

20   not builders, we cannot inspect and see if it

21   was done to the Building Code. You would have

22   to do that yourself and present it to the

23   Building Department or our Counsel.

24   MS. MORRIS: I have made several calls

25   to the Code Enforcer, Mr. Maccabee.

1   SUPERVISOR WALTER: Ms. Morris.

2 Ms. Morris, wrap it up. You are now really

3 afar of what the subject -- the purpose of

4 this hearing is. So if you'd wrap it up with

5 your final comments, that would be really

6 wonderful.

7   MS. MORRIS: Well, I just feel that

8 anybody that applies for assistance,

9 especially through AHC, too, that they need

10 some type of protection.

11   SUPERVISOR WALTER: Okay.

12   MS. MORRIS: And I'm surprised that --

13   SUPERVISOR WALTER: We hear that

14 comment. Thank you.

15   MS. MORRIS: I'm surprised that you got

16 another grant through AHC, because you were in

17 violation of the RFP.

18   SUPERVISOR WALTER: Okay. Thank you for

19 your comments. Is there anything else you'd

20 like to ask us?

21   MS. MORRIS: That new gentleman in

22 Community Development, did he replace Liz?

23   SUPERVISOR WALTER: No, he did not, but

24 thank you. I will have Chris answer that

25 other question, and thank you for your

1   comments.

2   MS. MORRIS: Sure, but I know you've got

3   a lot to hide and it's going to come out.

4   SUPERVISOR WALTER: Thank you.

5   MS. MORRIS: I made two calls to Mr.

6   Wooten, and two calls to Ms. Giglio, and also

7   to the guy that I just mentioned, the Code

8   Enforcement Officer. Nobody's returned my

9   calls. I can't imagine why.

10   SUPERVISOR WALTER: Okay. Thank you.

11   Ms. Kempner, if you wanted to respond to the

12   protection issue.

13   MS. KEMPNER: I just wanted to go back

14   to the broad mission of the program. It does

15   include the Home Improvement Program, but as

16   Councilman Wooten mentioned, we do

17   infrastructure projects such as Pulaski Street

18   sidewalks, and replacement of lighting to put

19   in more energy efficient lighting and enhance

20   infrastructure. So, just not to lose sight of

21   the broad mission of the CDBG Program, which

22   is the subject of the hearing.

23   The mechanics of the Home Improvement

24   Program are such that an application is made

25   to the Town to see if an individual is

1 eligible. And because we have such an

2 overwhelming demand for the program right now,

3 we tend to look for active leaks or something

4 that's a health and safety issue.

5   and the way the program works is we look

6 at those particular instances of an individual

7 home and we scope it with our Home Improvement

8 Inspector and we put it out to bid. And the

9 program really works as an agreement between

10 our contractors that have been vetted through

11 the program and the individual homeowner. So

12 it's really an agreement that's much like any

13 contractor relationship.

14   So what we first do, if there's any

15 issues, is we ask the homeowner to deal with

16 the contractor individually, and as much as

17 you would with a -- any home improvement job.

18   So with statistics, there are some

19 projects that won't be absolutely the first

20 time to the homeowner's 100% satisfaction and

21 we encourage the contractor to go back.

22   I don't want to speak about any

23 individual topic, but we have full support

24 from AHC, HUD, Suffolk County. And even some

25 of these issues that were being discussed at

1   this point have gone to Suffolk County

2   Consumer Affairs. So I just want to make the

3   record clear that there's nothing outstanding,

4   and we've been working to resolve any issue

5   that any homeowner has with any contractor.

6   SUPERVISOR WALTER: Good. Thank you.

7   You're doing a great job. Anybody else wish

8   to be heard on this? I saw some people

9   before. Yes. Hello, Mrs. Scocozza.

10   MRS. SCOCOZZA: Hi. I'm Felicia

11   Scocozza from Riverhead Community Awareness

12   Program. CAP, Riverhead Community Awareness

13   Program, is once again applying for Community

14   Development Block Grant Funds to help support

15   our Prevention and Counseling Program

16   specifically at Roanoke Avenue Elementary

17   School.

18   We provide a full-time social worker

19   that splits her time between Roanoke Avenue

20   School and Phillips Avenue School. The

21   Southampton Town Community Development Funds

22   helps support her position at Phillips Avenue

23   Elementary School, and the Riverhead Community

24   Development Funds helps support her position

25   at Roanoke Avenue School.

1   As I've said before, every dollar that's

2   invested in prevention has a return of between

3   2 and $20. So, at a very minimum, you're

4   doubling your investment when you invest in

5   drug and alcohol prevention programs.

6   Specifically in Roanoke Avenue School,

7   there's a higher level of poverty and risk

8   factors than in the rest of the Riverhead

9   School District. Sixty-seven percent of the

10 students receive free or reduced lunch, and

11 68% belong to a minority group. Sixty percent

12 of the students -- actually 59% are classified

13 as economically disadvantaged, compared to 42%

14 for the rest of the District.

15   In 2011, the Roanoke Avenue School saw a

16 10% increase in students, and administrators

17 reported that at least 90% of those families

18 were classified as low income. Traditionally,

19 monies utilized through this grant have been

20 used for the lowest income students in the

21 District.

22   So we appreciate your support in the

23 past, and we're once again applying for these

24 funds. Thank you.

25   SUPERVISOR WALTER: Thank you. You guys

1   are doing a great job. Does anybody else wish

2   to be heard? Yes.

3   MS. STROY: Good evening.

4   SUPERVISOR WALTER: Good evening.

5   MS. STROY: Zona Stroy. I'm with Open

6   Arms Care Center, and I'm also representing

7   Shirley Coverdale for Project CARE.

8   First, I'd like to thank you for the

9   support we've gotten from the Town Board

10 before, because it's allowed us to continue to

11 do the programs for feeding the hungry in the

12 community. So we're asking again for your

13 support, not only for the Open Arms Food

14 Pantry, but for Project CARE, which stands for

15 Community Access to Riverhead E-Health.

16 Project CARE is a community health initiative

17 that's a collaboration of First Baptist

18 Church, the Peconic Bay Medical Center, and

19 the Federation of Organizations. It's been in

20 place since January of 2006, and has been

21 providing free health screenings to homebound

22 seniors, food pantry and soup kitchen clients,

23 and seniors who frequent the Riverhead Town

24 Nutrition Center.

25   The food pantry we operate at First

1   Baptist Church for about 20 years in donated

2   space on the lower level of the church. This

3   program has been a lifeline for many people in

4   the community who otherwise might go hungry.

5   We provide enough food for three meals a day

6   for each person in the household for three

7   days.

8   So every pantry client at present comes

9   in once a month, or at least those who have a

10   way to get there, and the pantry gives them

11   bags of food. And most of them go to other

12   pantries also, and that sustains them until

13   the next month, when they come back again.

14   The pantry serves 50 or 60 households

15   each month. And so far this year, we've

16   provided better than 8400 meals up through

17   September.

18   COUNCILMAN WOOTEN: How many?

19   MS. STROY: The need --

20   COUNCILMAN WOOTEN: I'm sorry. How many?

21   MS. STROY: Eighty-four hundred, and

22   that's meals, at three meals a day for each

23   person in the household for three days.

24   The need is, as you probably know,

25   bigger each year in our community. People

1   struggle to pay rent and utilities and pay for

2   child care, and the things that they cut out

3   or cut back on are food and health care. We

4   see an increasing number of people each year,

5   and this year has been especially devastating

6   on some families with the hurricane, and with

7   people out of jobs, and all sorts of things.

8   So Project CARE tries to at least give

9   people an advanced warning when they're going

10   to have some serious health issue, and help

11   them figure out how to solve them before

12   they're devastated by them. Of course, we

13   feed people because we want families to at

14   least be able to have minimum nutrition in the

15   household, whether they can pay for it or not.

16   The package that I left up at Diane's

17   desk has some additional information, but the

18   funds that we are asking for, we simply ask

19   for for buying food, supplies, and diabetic

20   supplies and paper for Project CARE. All our

21   volunteers -- all our staff is volunteers, and

22   so we don't have any expenses other than food

23   and supplies.

24   So we thank you for your continued

25   support, and I'm happy to answer any

1   questions.

2   SUPERVISOR WALTER: No. I think that

3   covers it. Thank you very much. We're very

4   familiar with what you guys do and you're

5   doing God's work there. Thank you.

6   Does anybody else wish to be heard

7   tonight? Yes.

8   MR. WAGNER: I have a handout for you.

9   SUPERVISOR WALTER: Yeah.

10   MR. WAGNER: Thank you. Good evening.

11   My name is Dwayne Wagner. I'm a current Board

12   Member of Maureen's Haven, and I've just

13   handed up just some statistics for you

14   regarding our last year's season.

15   I chaired the Board last prior two years

16   and I'm currently a Board Member of Maureen's

17   Haven.

18   For those that aren't familiar with

19   Maureen's Haven, we're going into the tenth

20   season of the Maureen's Haven Overnight

21   Program. The mission of Maureen's Haven is to

22   empower and protect the East End's homeless.

23   And the services are delivered in a unique way

24   in that there's a lot of compassion, and,

25   quite frankly, love in the delivery of the

1   services, as distinguished from other

2   sheltering program.

3   Maureen's Haven is comprised of 32

4   houses of worship from the Town of Riverhead

5   through Montauk and we just recently added a

6   house of worship in Montauk, so there's 32

7   houses of worship. Fifteen hundred volunteers

8   are raised among those 32 houses of worship,

9   and the basic program is we are located in

10   Riverhead. The last two years we had a

11   ribbon-cutting. Mr. Walter was nice enough to

12   attend that. We have a day center --

13   SUPERVISOR WALTER: The whole Board went

14   to that, actually.

15   MR. WAGNER: Was the whole Board there?

16   SUPERVISOR WALTER: I think so.

17   MR. WAGNER: Oh, okay. Thank you. The

18   Day Center is now at 28 Lincoln, and that

19   actually has helped alleviate pressure that

20   previously existed in screening at the train

21   station.   During the day, approximately 35

22   individuals that come out of the individual

23   house of worship overnight come to the Day

24   Center, so they're there out of the cold.

25   They're given job placement services, computer

1 training, and other enhanced services just to

2 help them basically break out and become

3 employed citizens, and that's the goal of the

4 Day Center.

5   And, obviously, the need every year

6 increases with these recent turn of events

7 with weather. To give you an idea of last

8 year, and it's in the handout that you have,

9 we operate seven nights a week, and the

10 average amount of the homeless individuals

11 that were brought into one or two houses of

12 worship that were on for that evening was 50,

13 50 individuals per night from November 1

14 through April 1, with a high of 82; 82.

15   So I think a lot of people on the East

16 End don't really realize that there's that

17 many homeless individuals here, you know, from

18 Riverhead to Montauk. But just our

19 organization handles on average 50 individuals

20 a night.

21   So, needless to say, it's a broad base,

22 that we try to assemble funds in. And we

23 appreciate the fact that Riverhead has

24 participated in the past, and thank you for

25 that, and respectfully make an application to

1   be part of your Community Grant Program. The

2   funds specifically will be used in the Day

3   Center that's located in Riverhead.

4   And if you have any questions, I'll,

5   obviously, be happy to answer them.

6   SUPERVISOR WALTER: I will make one

7   comment. We're constrained, because I think

8   we only have 20,000; is that correct, Chris?

9   MS. KEMPNER: We're going to try for

10 25,000.

11   SUPERVISOR WALTER: We're trying for 25,

12 which we did last year. I think you guys got

13 cut out of that last year. And I know several

14 people have asked for $10,000, but I think we

15 typically give 5,000, because it's a minimum

16 of 5,000, and we're going to do the same

17 thing, and we hope that we can squeeze out

18 25,000 and we'll do what we can. But, you

19 know, we're in a tough, tough spot because of

20 the way they allocate this in $5,000 blocks.

21   But we're going to -- and I don't mean

22 to say it to you, I'm just saying to

23 everybody, that there could be one that gets

24 cut again out of the five we typically do,

25 because we used to do you guys and you guys

1   got cut. And I think that the resolution that

2   we're un-tabling and amending, Chris, is for

3   this year; that's the one that you guys didn't

4   get funded under the 2012 one. So if you see

5   that, that's for this year, not for the year

6   that we're in the public hearing for.

7   MR. WAGNER: Right, understand;

8   understood. Thank you.

9   SUPERVISOR WALTER: All right.

10   COUNCILMAN DUNLEAVY: I have one

11   question and one comment. I think there's

12   more homeless people than you've stated.

13   That's the ones you help. But I think there's

14   more homeless people in the Town of Riverhead

15   and on the East End than what has been stated.

16   I think you guys do a good -- great job.

17   MR. WAGNER: Thank you.

18   COUNCILMAN DUNLEAVY: Now, are you going

19   to still -- are you still picking up at the

20   railroad station?

21   MR. WAGNER: No.

22   COUNCILMAN DUNLEAVY: Everything is

23   going to the the Day Center now?

24   MR. WAGNER: Everything in Riverhead,

25   the screening is done at the Day Center. So

1   that congestion has been eliminated with the

2   opening of the Day Center.

3   COUNCILMAN DUNLEAVY: At the railroad

4   station.

5   MR. WAGNER: Yes.

6   COUNCILMAN DUNLEAVY: Okay. And you're

7   dropping back off up there. Okay. That was

8   my only comment. I just didn't know where you

9   were picking the people up now. I know they

10 use to line up at the railroad station.

11   MR. WAGNER: Right. So that -- we

12 addressed that with the opening of the Day

13 Center.

14   COUNCILMAN DUNLEAVY: Okay.

15   SUPERVISOR WALTER: Yeah, that's huge.

16 Thank you. All right. Thank you, Mr. Wagner.

17   MR. WAGNER: Thank you.

18   SUPERVISOR WALTER: Does anybody else

19 wish to be heard tonight on this?

20   MS. BARTH: Good evening.

21   SUPERVISOR WALTER: Good evening.

22   MS. BARTH: I'm Judy Barth, for those of

23 you that don't know me, and I'm here on behalf

24 of Bread and More. And Bread and More is the

25 soup and dinner kitchen that operates out of

1   the First Congregational Church in Riverhead.

2   We've been serving meals for over 20 years

3   there. We serve three nights a week. And in

4   the course of a year, we serve probably close

5   to between 15 and 20,000 meals in that year's

6   time. It's $2, roughly $2 per meal.

7   And over the past few years, one by one,

8   all of our funding is being cut. Graciously,

9   you have given us funding for, I know since

10   I've been asking for the last three years, and

11   it's been more years than I'm aware of, I

12   think, that you've been helping us out.

13   So without that funding, it makes it a

14   struggle to get through the year.

15   I've been doing this for I think 17

16   years now, and it's a -- it really is

17   miraculous what happens when those that come

18   in, they share a meal, they share a nutritious

19   meal, and then they're -- they have a safe

20   haven for at least that hour that they're

21   there.

22   So, once again, I'm asking for your help

23   and support for this. We cannot operate

24   unless we have help such as that the Town

25   gives us. We are totally a not-for-profit,

1   and we are run solely on volunteers.

2   And that's it. And I surely appreciate

3   your help.

4   SUPERVISOR WALTER: Thank you, Ms. Barth.

5   MS. BARTH: Is there any questions or

6   anything?

7   COUNCILMAN DUNLEAVY: Just one question.

8   MS. BARTH: Sure.

9   COUNCILMAN DUNLEAVY: The $2 a meal, is

10   that the cost to you?

11   MS. BARTH: That's the cost to us, yes.

12   COUNCILMAN DUNLEAVY: For serving that

13   meal.

14   MS. BARTH: Yes. Yes, between paper

15   goods and what we have to purchase. We have

16   to go under the guidelines of the Health

17   Department. When we cook food, when we're --

18   when we package food, if we do package it for

19   anyone to take home, it all has to be met with

20   Health Department requirements, along with our

21   cooks are also Health Department certified.

22   COUNCILMAN DUNLEAVY: Thank you.

23   SUPERVISOR WALTER: Thank you.

24   MS. BARTH: Thank you.

25   SUPERVISOR WALTER: Does anybody else

1   wish to be heard? Okay. I'll close the

2   public comment portion.

3   Chris, are we under a time constraint?

4   Can I leave it open for written comment, or

5   are we -- we are under a time constraint,

6   aren't we?

7   MS. KEMPNER: We have to leave it open

8   until December 4th for written comment and

9   then we can submit to the Town immediately

10   after.

11   SUPERVISOR WALTER: Okay. So you want

12   me to leave it open until December 4th for

13   written comment?

14   MS. KEMPNER: Until November 30th and

15   then we would submit.

16   SUPERVISOR WALTER: Okay. So we'll

17   leave it open, then, until November 30th for

18   written comment, that would be fine, and then

19   we will adopt something on November 4th.

20   Thank you very much, everybody, for

21   coming out.

22   We have one more Public Hearing, and

23   this is a Public Hearing scheduled for 7:10,

24   7:10 having arrived and left, being 7, almost,

25   55.

1   This is the consideration of the

2   incorporation of private roads into the Town

3   of Riverhead's Highway System, Baiting Hollow

4   Area: Northgate Circle and Jill's Way.

5   I believe -- Gio, are you going to open

6   this meeting, or talk to us about these two

7   roads?

8   MR. KOZAKIEWICZ: I would make some

9   preliminary comments, if you wish.

10   SUPERVISOR WALTER: Yeah, that would be

11   great. The Town Supervisor's going to make

12   some preliminary comments and Gio --

13   MR. KOZAKIEWICZ: Town Attorney.

14   SUPERVISOR WALTER: I'm sorry. What did

15   I call you?

16   COUNCILMAN GABRIELSEN: You called him

17   the Town Supervisor.

18   MR. KOZAKIEWICZ: Don't do that to me.

19   SUPERVISOR WALTER: Freudian slip. Hey,

20   you got me here.

21   MR. KOZAKIEWICZ: Before the Highway

22   Superintendent approaches, this is -- the

23   matter is at Baiting Hollow Subdivision. The

24   subdivision was approved with the idea that

25   all the roads would become part of the Town

1   Highway Public System, as far as I know, and I

2   believe that to be the case.

3   What occurred was there was, I guess,

4   some issues towards the end of the project

5   with -- involving the developer. The roadway

6   systems were not originally dedicated to the

7   Town as they were intended to be. There was

8   some work done after the fact to get all the

9   roads into the Town Highway System, except

10   that somehow Northgate Circle and Jill's Way

11   got overlooked. It's probably been more than

12   ten years where the residents have been, you

13   know, making some inquiries to the Town.

14   The road specs, I believe, meet the

15   Highway Superintendent's specifications, and

16   they're acceptable, and I'm sure we'll hear

17   from him in that respect. And the idea is to

18   bring them into our highway system, as they

19   were originally intended to do. So that's

20   the reason we're having the Public Hearing.

21   SUPERVISOR WALTER: George, these

22   highways, you've been maintaining them for a

23   period of ten years or more?

24   MR. WOODSEN: We have been maintaining

25   these roads for --

1   MS. WILHELM: Gio, can you just state

2   your name for transcription purposes? I'm

3   sorry.

4   MR. WOODSEN: Sure. George Woodsen,

5   Highway Superintendent, Town of Riverhead.

6   MS. WILHELM: Thank you.

7   MR. WOODSEN: We have been maintaining

8   these roads since we took over the rest of the

9   development. I'm not sure the year that

10 development was built. But we have been

11 plowing them and maintaining them for at least

12 ten years or more, and they seem up -- to be

13 up to par.

14   SUPERVISOR WALTER: And it's you're

15 desire to take them into the road inventory?

16 Highways by use -- you're maintaining them,

17 and working on them, and plowing them for 10

18 years or more?

19   MR. WOODSEN: Yes. We've been --

20 actually, we went up and inspected the area,

21 and actually we did work on the roads this

22 year, just like we did in the rest of the

23 development, so they are up to par at this

24 time.

25   SUPERVISOR WALTER: Okay. Thank you,

1   Superintendent Woodsen.

2   Does anybody else wish to be heard on

3   this? Not seeing anybody, what we'll do is

4   we'll close out the public comment portion and

5   leave it open for written comment again until

6   November 30th.

7   All right. It is -- that is the end of

8   the Public Hearings. Comments on resolutions

9   will be next.

10   MR. MASTROPAOLO: Sal Mastropaolo,

11   Calverton.

12   COUNCILMAN DUNLEAVY: Welcome back, Sal.

13   MR. MASTROPAOLO: Thanks.

14   SUPERVISOR WALTER: Where were you,

15   vacation, hunting?

16   MR. MASTROPAOLO: No, it was a nor'easter.

17   SUPERVISOR WALTER: Oh, what's the

18   matter, a little wind got you down, huh?

19   MR. MASTROPAOLO: 887. In the

20   attachment to 887 in the letter from H2M --

21   SUPERVISOR WALTER: Right.

22   MR. MASTROPAOLO: The first bullet under

23   the based -- it says, "Based on our

24   reevaluation and assuming the current bidding

25   environment remains the same, we have

1 determined that the hangar pump station

2 construction costs may be reduced by

3 approximately $70,000 by instituting the

4 following:"

5   And the first bullet says, "To eliminate

6 contractor markup, the Town should purchase

7 select required mechanical and electrical

8 equipment off the Suffolk County Purchasing

9 contract."

10   I would think that that's standard

11 operating procedure, and we should be doing

12 that all the time, not just when the bid comes

13 in higher than the budget and then we cut the

14 bid down.

15   SUPERVISOR WALTER: You would be

16 accurate.

17   MR. MASTROPAOLO: Well, then why aren't

18 we doing it?

19   SUPERVISOR WALTER: We are now, and I

20 don't see Michael Reichel here. He should

21 have been here with this resolution.

22   MR. MASTROPAOLO: I mean, we're paying

23 H2M Consultants --

24   SUPERVISOR WALTER: Can you make a note

25 of that, Ms. McLaughlin? Can you make a note

1   that Michael Reichel -- Department Heads are

2   supposed to come to Town Board meetings, so

3   just make a note that he has to come to the

4   meetings.

5   You would be accurate in that

6   assessment, and, in the future, I and the

7   Board will be asking that question. It's not

8   something that I think we were all that

9   familiar with.

10   MR. MASTROPAOLO: Well, H2M should be

11   put on notice, too.

12   SUPERVISOR WALTER: I agree.

13   MR. MASTROPAOLO: Because they're the

14   consultants and they're providing the bid

15   stuff. Okay? We should make it very clear

16   that all future bids we buy under the

17   contract, and we don't allow the contractor to

18   make markup on it, which, in turn, gives H2M

19   more money, because they're getting a

20   percentage of the total project.

21   SUPERVISOR WALTER: You would be

22   accurate.

23   MR. MASTROPAOLO: So you've got the fox

24   watching the chicken coop.

25   SUPERVISOR WALTER: Yes.

1   MR. MASTROPAOLO: Thank you.

2   888, I wasn't going to comment on this

3   until I heard the Public Hearing that just

4   closed, with Gio talking about those streets.

5   You're now extending this bid for road

6   and drainage improvements to 10 years from the

7   original start of construction. I guess the

8   question I have is, the roads that they're

9   talking about in this development, did we take

10 those roads over already? Are they part of

11 our Town road system, or are they still

12 private and we're not doing any maintenance on

13 them?

14   SUPERVISOR WALTER: No. These at the

15 end of Birchwood is not part of the road

16 system. That's why the bond is still in here,

17 I believe.

18   MR. MASTROPAOLO: So we're not plowing it?

19   SUPERVISOR WALTER: No. In fact,

20 last two years -- there's people that live on

21 this road and I do believe we had complaints.

22   MR. MASTROPAOLO: Complaints about what?

23   SUPERVISOR WALTER: That they weren't

24 being plowed.

25   MR. MASTROPAOLO: Well, they shouldn't

1   be plowed by the Town, right?

2   SUPERVISOR WALTER: Correct?

3   COUNCILMAN WOOTEN: They're not.

4   MR. MASTROPAOLO: Okay.   That's it.

5   Thank you.

6   SUPERVISOR WALTER: Does anybody else

7   wish to be heard on resolutions?

8   MR. HATTORFF: Matt Hattorff.

9   SUPERVISOR WALTER: How are you doing,

10   Mr. Hattorff?

11   MR. HATTORFF: Good.   Resolution 872,

12   it's 103,000 from fund balance back into the

13   Personnel Office.   Is that -- that's to write

14   Meg back into the budget; is that correct?

15   COUNCILMAN GABRIELSEN: Yes, that's what

16   the resolution states, yes, the Personnel

17   Director back.

18   MR. HATTORFF: What about writing back

19   some union members into the budget?   I mean,

20   we took a hit of 13 not too long ago.   I'm

21   losing -- I got one position that's not being

22   funded, I got another one that's been taken

23   out, and I just find it amazing, and it's --

24   nobody wants to see anybody lose a job, but I

25   find it amazing that we can pull resolutions

1   and money out of fund balance and we can fund

2   management positions, people that don't live

3   in Riverhead, that don't pay taxes to

4   Riverhead, that don't vote in Riverhead, we

5   can write them back into the budget, but we

6   can't write back a union member. We took 13

7   two years ago, we're taking another two now.

8   And you know what, Jodi, you sat down

9   this week with Jack Wherry and you told him

10   you were writing him out of the budget, too.

11   COUNCILWOMAN GIGLIO: Matt, that --

12   MR. HATTORFF: That's absolutely

13   pathetic. And of all of them, you're the one

14   that sits there all the time and says, "That

15   person doesn't live in Riverhead, I vote no,

16   we're not hiring them."

17   COUNCILWOMAN GIGLIO: Matt, every --

18   MR. HATTORFF: And now you're pulling

19   the money out --

20   COUNCILWOMAN GIGLIO: I'll wait until

21   you're done.

22   MR. HATTORFF: -- and taking the tax --

23   taking our tax dollars and you're funding the

24   position, and that person doesn't even live in

25   Riverhead. Why don't you do the right thing

1   and fund some of these union jobs. We took a

2   hit already for 13, another two now. It's

3   pathetic.

4   I would urge the Board to vote no on

5   these. Let the Supervisor's budget ride. You

6   know what, I'd lose less people that way.

7   COUNCILMAN GABRIELSEN: Well, what,

8   Matt --

9   MR. HATTORFF: I lose less members that way.

10   COUNCILMAN GABRIELSEN: We're putting

11   the Youth Bureau Director back in for July

12   1st, that's in the bill.

13   MR. HATTORFF: No. Why don't you put

14   Youth Bureau back in for January 1 and put the

15   Personnel Office back in for July 1st? Why

16   don't we try that for six months?

17   COUNCILMAN GABRIELSEN: You said the

18   Supervisor's budged eliminated the Youth

19   Director completely. That isn't true.

20   MR. HATTORFF: Why don't we try that for

21   six months?

22   COUNCILWOMAN GIGLIO: Matt, I sat down

23   with you earlier this week and I explained to

24   you that the entire Board decided to eliminate

25   this part-time position, with the exception of

1   Councilman Wooten, who wasn't in the meeting.

2   MR. HATTORFF: No.

3   COUNCILWOMAN GIGLIO: Because I am the

4   Liaison to the Building Department that asked

5   Councilman Gabrielsen and myself to speak to

6   Mr. Wherry and let him know --

7   MR. HATTORFF: No, Jody.

8   COUNCILWOMAN GIGLIO: -- that that

9   position was being eliminated, it was a

10   Board decision.

11   MR. HATTORFF: You didn't say a word to

12   me until I approached you, and I didn't

13   approach you until after I was approached by

14   people from the Building Department. So let's

15   make sure we got it right.

16   COUNCILWOMAN GIGLIO: You're saying that

17   I cut him out of the budget.

18   MR. HATTORFF: You're doing all of this

19   back door.

20   COUNCILMAN GABRIELSEN: You have a

21   microphone there, you don't have to scream.

22   Okay?

23   COUNCILWOMAN GIGLIO: You're saying that

24   I cut him out of the budget.

25   MR. HATTORFF: You did.

1   COUNCILWOMAN GIGLIO: There were four

2   members of the Board that made the decision

3   because they felt that it would be prudent to

4   have a full-time Chief Building Inspector,

5   Senior Building Inspector, with all the

6   commercial development that's going on out

7   there, and the need for a full-time Commercial

8   Building Inspector, rather than a part-time

9   Commercial Building Inspector.

10   So it was a four-person decision on this

11   Board. And myself, as Liaison, with

12   Councilman Gabrielsen, were asked to speak to

13   the employee, which we did, so we spoke to the

14   employee.

15   MR. HATTORFF: Under that six-month

16   agreement to extend Sharon, the original

17   agreement was to promote one of the two

18   Building Inspectors that you have, it wasn't

19   to hire somebody else and lay someone else

20   off.

21   COUNCILWOMAN GIGLIO: Well, that's what

22   we're hoping to do, is promote one of the

23   Building Inspectors that we have and also --

24   MR. HATTORFF: No, you're not offering

25   to do that. You're offering to lay off -- lay

1 off another part-timer, another Building

2 Inspector, someone else covered under our

3 contract.

4   COUNCILWOMAN GIGLIO: Matt, these are

5 two retired employees of -- one is of the Town

6 of Riverhead, one is of, you know, a different

7 job that are making $30,000 a year from the

8 Town. We were asked to speak to the employee,

9 we did.

10   MR. HATTORFF: Jodi.

11   COUNCILWOMAN GIGLIO: And as far as the

12 employee that you're saying that doesn't live

13 in the Town of Riverhead, there are a lot of

14 people that started employment when they lived

15 in the Town of Riverhead. We don't fire them

16 when they move away.

17   MR. HATTORFF: I didn't -- I'm not

18 asking you to fire anybody. As a matter of

19 fact, I believe the first thing I said is

20 nobody wants to see anybody lose their job.

21 Let me make that clear. If you didn't hear

22 me, I'll say it again. I don't want to see

23 anybody lose their job, no one.

24   And the sad thing is there's 16,000 tax

25 bills that go out. You're talking about

1    $100,000. You know what, $6 per tax bill, you

2   wouldn't have to lay anybody off. That's

3   pathetic.

4   You know, I'd like to see you do the

5   responsible thing by the taxpayers of this

6   Town, that's what I'd like to see you do.

7   I would urge the Board to vote no on

8   this one, vote no on 873. Let the

9   Supervisor's budget go through. I'm only

10   losing two spots, then; it's that much less

11   I've got to fight about.

12   Oh, by the way, Jack's right there.

13   Just so you know, that's the guy you're

14   firing.

15   COUNCILWOMAN GIGLIO: Actually --

16   MR. HATTORFF: Jack, why don't you stand up?

17   COUNCILWOMAN GIGLIO: Actually, the

18   decision was to end the employment as of

19   December 31st, and we asked him to stay

20   through April because there is a great need

21   for it, and we do not have anybody to fill the

22   position, and we want to make sure that the

23   service is being provided, so -- and if you

24   read the budget, you know, I believe his

25   salary is still in there with Sharon's, and

1   Sharon's is also.

2   So anything can happen. We could say

3   April 30th, we're not done with Hurricane

4   Sandy and we still need a Residential

5   Inspector to fill in and do these inspections.

6   We're trying to do it responsibly, it's not

7   easy. We're cutting back everywhere we can,

8   and it was a Board decision to do so.

9   MR. HATTORFF: You know, doing the

10   responsible thing is to put the taxpayers

11   first, that's the responsible thing.

12   COUNCILWOMAN GIGLIO: That's why we're

13   leaving the position until the end of April.

14   MR. HATTORFF: No, you're not. What

15   you're doing is you're eliminating a taxpayer,

16   someone who votes in Riverhead. That's the

17   guy you're letting go. It's pathetic, Jodi,

18   it really is.

19   COUNCILWOMAN GIGLIO: It was a

20   four-person Board decision with one absent.

21   MR. HATTORFF: Jodi, I don't care who

22   voted.

23   COUNCILWOMAN GIGLIO: Why are you

24   directing this at me, Matt?

25   MR. HATTORFF: Because you're the one

1 that sat down with him.

2   COUNCILWOMAN GIGLIO: Because I was

3 asked to --

4   MR. HATTORFF: You're the Liaison,

5 right?

6   COUNCILWOMAN GIGLIO: I was asked by the

7 Supervisor to sit down with him.

8   MR. HATTORFF: You're the one -- you're

9 the one that sat down with him.

10   COUNCILWOMAN GIGLIO: I was asked by the

11 Supervisor to sit down with him.

12   MR. HATTORFF: The Supervisor's budget

13 doesn't cut him out.

14   COUNCILMAN GABRIELSEN: Are you going to

15 let her speak or are you going to keep

16 interrupting her?

17   MR. HATTORFF: No. The Supervisor's

18 budget doesn't cut him out.

19   COUNCILMAN WOOTEN: Anything else, Matt?

20 If not, then sit down.

21   COUNCILMAN GABRIELSEN: The Supervisor's

22 budget is no different than this, neither one

23 of them cut it out. That money is going to be

24 in there for a decision we're going to make in

25 April.

1   MR. HATTORFF: You shouldn't have to

2   make a decision at all. He shouldn't have

3   even been talked to about it at all.

4   You know, you guys, you run these

5   campaigns, taxpayer first, and everything

6   else. Do the right thing, do the right thing

7   once, just once by the taxpayers.

8   And you know what, Jodi, I will remember

9   in November, absolutely.

10   SUPERVISOR WALTER: Thank you. Does

11   anybody else wish to be heard tonight?

12   MR. COATES: Good evening. I'm Anthony

13   Coates and I am in Riverhead.

14   On my way over here, I stopped by a gas

15   station and I swiped my card. I pressed a few

16   buttons, I filled up, and it spit out a

17   receipt, and I probably threw out that

18   receipt, and now I owe Chase $60.

19   The other day I took my daughter out for

20   dinner. We shouldn't have had desert, we did,

21   we didn't need the calories. The meal was

22   expensive. I plunked down my credit card. I

23   owe Visa $28.65.

24   My point is it's very easy to sign your

25   name to a receipt; that's why they give you

1   chips in Las Vegas. If there were a lot of

2   money in front of you, you might not place

3   your bets.

4   Today you're going to talk about the

5   budget and adopt a budget, and the theory and

6   the talk becomes reality. I see Meg Ferris in

7   the back of the room. I don't really know

8   her, I know her face. I've seen her in the

9   restaurants around town. I've been in the

10 same room with her. And I take no joy in

11 looking her in the eye and saying, "I don't

12 believe that this Town needs a Personnel

13 Director." Someone has to make that call.

14 Someone eventually has to say no. Matt

15 Hattorff spoke about it.

16   In a campaign, it's one thing to talk

17 about being conservative, it's another thing

18 to actually do it, and tonight is the night

19 you're judged.

20   This Town is small enough, I don't think

21 we need a Personnel Director. And a good

22 Board looks an employee in the eye, as I just

23 did, when they're letting someone go. I

24 believe we don't have the money and we have to

25 make a tough choice.

1   In many ways it's easier to cut the

2   Youth Director position because it's not in

3   the budget right now, and there's no one in

4   the slot, and it can be attritioned out. And

5   no one wants to look our kids in the eyes and

6   no one wants to tell them that we don't have a

7   program, but we have to be creative and get

8   the job done for our kids. If it means

9   volunteers, it means volunteers. But I would

10 urge you tonight not to fill the position

11 because we don't have the money.

12   I don't want to wave good-bye to

13 anybody. This is a small town and we all know

14 each other here. When someone loses their

15 job, we usually know them by name. I want to

16 see us develop a game plan, when an employee

17 leaves, that we assist them, and we ultimately

18 try to handle and help everyone who's

19 displaced in the budget, but we can't add back

20 positions because we don't have the money.

21   But, most of all, what I don't want to

22 see Riverhead do is tell every family across

23 this great Town that we've signed a bill on

24 their behalf, and that when that bill comes

25 due, they say to us they don't have the money.

1   We can be gluttons at the buffet table,

2   and believe me, 96 pounds ago I was. We can

3   be gluttons at the buffet table, and it's easy

4   to say, "Just one more piece, I'll have

5   another bite." It's easy to add things back

6   to the budget. It's easy to find savings, as

7   this Board claims to have done, and then go on

8   and spend that and spend some more. It's hard

9   to turn away employees, it's hard to make

10   cuts. It's tough to say no, but I think

11   tonight you need to say no.

12   Everyone, every poll, every instinct,

13   every survey, every time you shake hands with

14   someone, they say, "We all want to see smaller

15   government," but when does it come? When do

16   we actually put the stamp on it to make sure

17   that we deliver smaller government? When does

18   the pain get spread among -- Matt spoke about

19   the 13 employees. When does this pain get

20   spread from up to down?

21   Everyone talks about duplication of

22   services. Everybody pays lip service to that,

23   but when do we actually have the rubber meet

24   the road? When do we actually create smaller

25   government?

1   We need a government we can afford. The

2   well is running dry. We are headed for

3   sustained double-digit tax increases once we

4   peel through the surplus we have. We are

5   operating on a credit that we keep drawing

6   down, and it means that we don't have the

7   money.

8   So when you find savings, this isn't

9   like I found $10 in a jacket I haven't worn in

10   a while and I run out and buy a Coffee

11   Coolatta, this is money that is coming in the

12   way of savings. Where Board Members have

13   spent their time and patted themselves on the

14   back about savings they found, put them to the

15   bottom line. Take those savings and put them

16   in the budget, because that's the only way

17   this Town's going to close the gap.

18   You cannot any longer dither and argue

19   as a Board. You need to stop the nonsense and

20   get down to business. You need to bring real

21   revenue to EPCAL and not talk, and you need to

22   do it right now.

23   And you need to move across the aisle

24   and talk to each other, and recognize this

25   isn't about egos, it's about issues. You have

1   to do the job the people elected you to do,

2   and what they elected you to do is to bring

3   them smaller government. And if you find

4   savings, take them to the bottom line, because

5   we don't have the money.

6   We can't have hope-for-the-best budgets,

7   where you overestimate the amount of revenue

8   and underestimate expenses. We have to work

9   with displaced employees to help them find

10   other jobs. When the surplus is gone, we're

11   looking at thousand-dollar-a-year tax

12   increases, and I'm telling you, the taxpayers

13   can take no more.

14   There are houses under water in this

15   town, and not just from Hurricane Sandy, but

16   financially, and there's another financial

17   storm coming on the horizon, and I need you to

18   challenge the status quo and to do better.

19   Thank you.

20   SUPERVISOR WALTER: Thank you.

21   COUNCILWOMAN GIGLIO: Mr. Coates, I'd

22   like to ask you a question. Weren't you

23   lobbying the Board for a $100,000 a year job

24   just this past April, asking to create a

25   position for yourself when you were the

1   Supervisor's campaign advisor and you were

2   looking for a job? Weren't you asking us to

3   add $100,000 onto the expense of the taxpayers

4   of this Town, which I believe -- do you own a

5   home in the Town of Riverhead?

6   MR. COATES: No, I don't, Councilwoman.

7   COUNCILWOMAN GIGLIO: Okay. So you

8   wanted to add that onto our backs as taxpayers

9   and homeowners, but now you're here protesting

10   about putting two jobs back and sending two

11   people out on the street that have jobs and

12   that will no longer have jobs, but you were

13   more concerned about creating a job for

14   yourself?

15   MR. COATES: No. Here's what I am

16   concerned about. What I'm concerned about is

17   that this Town is a hamster on a treadmill in

18   a race it can never win. What I'm concerned

19   about is, is that every year you tilt in the

20   margins. What I'm concerned about is, the

21   fact of the matter is, is that you came up

22   with savings, but the savings that you came up

23   with are fairly dubious. And what are you

24   doing with those savings? You're pushing

25   those savings right back into spending more

1   money. So you called yourself a conservative,

2   but the fact of the matter is you didn't

3   conserve anything.

4   The position that you're trying to

5   malign that I was up for a resolution for is a

6   position that would create revenue. What you

7   need to do in this Town is create revenue.

8   You're never --

9   COUNCILWOMAN GIGLIO: No.

10   MR. COATES: You don't think we need to

11   create revenue?

12   COUNCILWOMAN GIGLIO: No, I don't think

13   that that position would have created revenue,

14   because it was supposed to be a one-year

15   position, and we're coming up on that one year

16   and we still have no results at EPCAL.

17   And you've been with the Supervisor as a

18   volunteer, it's been stated time and time

19   again, without pay and you were unable to

20   accomplish it, so -- and when you speak of

21   duplication of services, there was no

22   duplication of services. Personnel Director

23   is a one-person department, Youth Bureau

24   Director is a one-person department. There is

25   no way that those services --

1   MR. COATES: Did this Town get by

2   without a Personnel Director?

3   COUNCILWOMAN GIGLIO: If I can finish.

4   SUPERVISOR WALTER: Actually, you're not

5   accurate on both of those.

6   COUNCILWOMAN GIGLIO: If I can finish.

7   Then, when you talk about the budget, and you

8   talk about cutting the budget, and you talk

9   about cutting staff, you were in the

10   Supervisor's Office behind closed doors

11   working on the budget, and I think that you

12   could have done a lot better with departments

13   that are bloated and have more people than I

14   think are needed.

15   SUPERVISOR WALTER: That's also not

16   accurate.

17   MR. COATES: Well, Councilwoman, I have

18   to say that I'm not overly impressed with your

19   work. You came up with a -- with a nominal

20   amount of savings, and now those savings you

21   seek to plow back in into spending. I do

22   think at some point, though you smirk at it, I

23   think at some point you need to add revenue to

24   this Town.

25   COUNCILWOMAN GIGLIO: Absolutely.

1   MR. COATES: There's two equations to a

2   budget.

3   COUNCILWOMAN GIGLIO: And that's why we

4   have made the decision to invest by hiring

5   consultants to subdivide EPCAL, which we had a

6   Plan A and a Plan B, that we paid $430,000

7   for. And only Plan A has been submitted, even

8   though the request of this Board was to submit

9   Plan A and Plan B, which was a result of a

10   market study. It was resolved under VHB.

11   SUPERVISOR WALTER: That's also not

12   accurate.

13   COUNCILWOMAN GIGLIO: Well, Councilman

14   Wooten spoke with somebody from the DEC today

15   who said that Plan A is the only plan that was

16   submitted.

17   MR. COATES: It does seem to me that you

18   being a public official, and there'll be

19   plenty of time to argue about this over the

20   next year, I'm sure. But it does seem to me

21   that, as a public official, you do have

22   responsibility as a private citizen, I don't.

23   It seems that if it goes well in Riverhead,

24   you did it, and if it goes poorly in

25   Riverhead, I, the volunteer, didn't do it.

1   COUNCILWOMAN GIGLIO: That's not true.

2   MR. COATES: Well, that seems to be what

3 you're saying and that's how I take it.

4   COUNCILWOMAN GIGLIO: No. I'm talking

5 about your $100,000 a year job and that you

6 tried to --

7   MR. COATES: First of all, it was a

8 $65,000 a year job. If you want to call it a

9 $100,000 a year job because you want to add

10 back benefits, that's fine. It was a one-year

11 position. In any event, I'll tell you what,

12 it would have been a damn thing to -- good

13 thing to do it, because, you know what, we'd

14 be further down the road to actually getting

15 EPCAL on line.

16   The most significant piece of economic

17 activity that's taken place at EPCAL in the

18 four years you've been Town Councilperson is

19 cars parked on the runways right now.

20   COUNCILWOMAN GIGLIO: Mr. Coates, you

21 don't know what I've done as far as economic

22 activity at EPCAL. I -- this Town Council

23 position is supposed to be a part-time job.

24 My other office is in EPCAL, and there have

25 been a lot of people in EPCAL that have needed

1   help and I have been there 100% for them. And

2   I have done everything in my ability to help

3   every business owner and to help every

4   resident in this Town, and feel that I have

5   been a responsible Board Member.

6   As you, announcing your candidacy and

7   coming up here to criticize what I have done,

8   I am not surprised, and it just shows your

9   character.

10   MR. COATES: Councilwoman, I --

11   Councilwoman -- well, I am a character, you're

12   right. Councilwoman, I read a script, at no

13   time did I mention campaigns, at no time did I

14   mention you.

15   COUNCILMAN GABRIELSEN: Is that five

16   minutes? What happened to five minutes?

17   SUPERVISOR WALTER: Five minutes? The

18   Councilwoman is engaging him. Do you want me

19   to stop?

20   COUNCILMAN GABRIELSEN: I guess we're

21   saying it would be nice to start with the five

22   minute thing, we'd appreciate it. We also

23   walk away with a smile and she's smiling.

24   MR. COATES: I am smiling.

25   COUNCILMAN GABRIELSEN: Just leave it at

1 this.

2   MR. COATES: I will put her down as an

3 undecided for the next election. Thank you.

4   SUPERVISOR WALTER: Okay. Would anybody

5 else like to be heard this evening?

6   COUNCILMAN WOOTEN: If my mind wasn't

7 made up before, it's made up now.

8   SUPERVISOR WALTER: Are you standing up

9 to be heard, sir?

10   MR. LEWIS: Yes.

11   SUPERVISOR WALTER: On resolutions?

12   MR. LEWIS: Yes. I'm going to come in

13 under a resolution that involves --

14   SUPERVISOR WALTER: Your name and

15 affiliation or hamlet?

16   MR. LEWIS: Good evening, guys and gals.

17 My name is Scott Lewis from Southampton, but

18 I'm a contractor in the area.

19   COUNCILMAN WOOTEN: What resolution is

20 this?

21   SUPERVISOR WALTER: What resolution are

22 you talking on?

23   MR. LEWIS: The resolution of 879, about

24 the entitlement of awards bid for GE Evolve

25 LED Series lighting. I happen to be an

1   authority on the subject, so I figured I'd

2   share and raise your level of consciousness on

3   that subject, and the conflicts of interest

4   that may be involved.

5   But I'm here -- also here to promote a

6   resolution to support the public election of

7   Trustees of the Long Island Power Authority.

8   SUPERVISOR WALTER: Okay. We're not

9   going to have that conversation now, that's

10   the conversation for after the resolutions.

11   MR. LEWIS: Okay. I just wanted to

12   clarify that.

13   SUPERVISOR WALTER: Yeah.

14   MR. LEWIS: Okay. But with regards to

15   this resolution, if you're looking for LIPA

16   rebates, don't hold your breath.

17   SUPERVISOR WALTER: Okay. Thank you.

18   Does anybody else wish to be heard on

19   resolutions?

20   (No response.)

21   All right. I'm going to make just a

22   very brief statement to the Board, and the

23   Board can vote their conscience. I'm standing

24   by the budget and I'm doing it for this

25   reason. It's very easy to under-budget the

1   Town, but I don't think that's what we should

2   be doing. It's very easy to look at the

3   lowest possible costs that it would be to

4   operate the Town, and the highest possible

5   revenues, and come up with a budget. That's a

6   budget that's destined to fail. I didn't do

7   that in this budget. We averaged out our

8   costs, we averaged out our expenses, and

9   that's how we came up with the budget.

10   There are several things in this sort of

11   omnibus budget, 873, that don't need to be

12   cut, because even if you don't cut them, it

13   would be impossible for anybody to spend them.

14   And the problem for us is that, from time to

15   time, things come up during the year and they

16   have to find the money in the budget. If you

17   don't find the money in the budget, you're

18   going right into reserve funds to take the

19   money.

20   So there's not much of a cushion in

21   here. I don't agree with the 143,000, as we

22   talked about, but there's a little bit of a

23   cushion in here, but it's very small.

24   If we were to take this alone, maybe I

25   could support it. The problem is that adding

1   872 and the other resolution for the part-time

2   Youth Bureau, you are adding initially

3    $140,000 to this year's budget. And then next

4   year, it will be 180,000, and it will be

5   180,000, plus whatever increases there are

6   from next year, forever on.

7   The cuts that you've made here do not

8   sustain adding 140 or $180,000; folks, they

9   don't. They will, maybe, if the costs to run

10   this Town come in completely at the bottom

11   line that you're expecting them to come in.

12   We might be able to squeak by adding those

13   staff members back in and staying within the

14   budget. I have my doubts.

15   Over the years that I've been here,

16   we've come in -- I believe, it's about

17   $100,000, our revenues and our budgets came

18   in, about $100,000 of each other, which is

19   about where you have found the savings.

20   You've basically found that very small area

21   that -- the margins that we operate in,

22   because a budget is a planning tool. So it's

23   not an actual track laid out that you can

24   follow, because you don't know when there's

25   going to be a hurricane, you don't know when

1   something's going to happen, that you have to

2   find the money, an air handler goes down. We

3   don't know.

4   So I caution the Board to add back the

5   positions because it's not sustainable. And

6   the only way it's sustainable is to take out

7   money out of the reserve, and these -- none of

8   these resolutions will affect the tax rate,

9   not one single bit. So, you know, if we're

10   going to be fiscal conservatives, if we're

11   going to be responsible to the citizenry of

12   this Town, we need to be seriously talking

13   about reducing or eliminating -- well, we're

14   not -- Youth Bureau is part of the Recreation

15   Department, it is not a stand-alone,

16   one-person department. It will continue to be

17   part of the Recreation Department and will

18   continue to function. And when things are

19   better, maybe next year, we could think about

20   adding something.

21   COUNCILMAN GABRIELSEN: Okay. Just a

22   comment on that when you're done.

23   SUPERVISOR WALTER: Yeah. I'm almost

24   done.

25   COUNCILMAN GABRIELSEN: Just that one

1   thing, Youth Bureau.

2   SUPERVISOR WALTER: The Personnel

3   Director, the Town did not have a Personnel

4   Director. This is not personal for me. We

5   didn't have one until 2006/2007. And I'm

6   fairly confident that with the right --

7   putting the right things in place, we can

8   continue without a Personnel Director.

9   So I just -- I caution you because this

10   140 in 2014, when I do the budget again, turns

11   out to 180,000 that I have to find. And I'm

12   fairly certain I'm going to be coming back to

13   you with the same exact cuts and you're not

14   going to be able to take that $100,000 out

15   because it's already going to be gone. So I'm

16   going to leave it at that.

17   COUNCILMAN GABRIELSEN: Okay. I just --

18   from my point of view, I think we worked at a

19   work session, and, you know, we went over the

20   numbers, they were much higher. And we

21   brought them down and we created somewhat of a

22   cushion, I think we all understand that. And

23   we all sat there and came to an agreed-upon

24   number, yourself included.

25   But I'd like to point something out with

1   the Youth Bureau Coordinator. Right now, the

2   duties have been taken over by Ray Coyne in

3   Recreation. All the programs are moving

4   forward. So until next Summer, everything's

5   moving.

6   We don't actually need the Youth Bureau

7   Director right now. That's why we said,

8   "Well, let's fund it starting July 1st." It

9   would give us six months to see how it's

10   working. There may be an opportunity, if it's

11   working well, that we may not put that

12   position back. We have six months to see if

13   the Recreation Department can make it work.

14   If not --

15   SUPERVISOR WALTER: Then that's what --

16   COUNCILMAN GABRIELSEN: If not, if we

17   feel we need it, like a lot of the community,

18   including Ray Coyne, Director of Recreation,

19   says eventually we need one.

20   So in July, if it happens, or it may not

21   happen, if it happens in July, that Youth

22   Bureau Director will be setting up the

23   programs for Fall, you know, getting training

24   to be ready for the next rush.

25   Right now, we don't need the Youth

1   Bureau Director because we didn't have one;

2   it's running. So it's there as it may happen.

3   It may not happen if it's -- but if it's

4   proven it's not working, we have to have the

5   monies there to approve it.

6   SUPERVISOR WALTER: So you'll always

7   have the monies, because, regardless of what

8   you do, the money's coming out of the fund

9   balance, so it's there.

10   So what I would say to you, I would use

11   the same analysis for the Personnel

12   Department. I know that some Board Members

13   may feel that it wouldn't function.

14   COUNCILMAN GABRIELSEN: Right.

15   SUPERVISOR WALTER: I'm going to use the

16   same analogy. Let's cut the two positions

17   now. At June or July, if it's obvious that we

18   cannot function without these folks, it

19   doesn't make a difference, it's going to come

20   out of fund balance, it doesn't have to be

21   done now. And the benefit of that is we will

22   have saved 75 or $100,000.

23   COUNCILMAN GABRIELSEN: Right.

24   SUPERVISOR WALTER: So I just think that

25   we owe it to the taxpayers to try it.

1   COUNCILMAN GABRIELSEN: But to the

2   people involved with the Youth Bureau, it's a

3   good program, and every dollar we invest we

4   get back 2, 3 and $4 for it.

5   So I think, for their peace of mind, for

6   security, we establish that it may come back

7   July 1st. That's why I want to establish that

8   now and put it, because, you know, once it

9   goes away, it won't be in this budget, it's

10   not going to happen.

11   SUPERVISOR WALTER: I don't think that's

12   true.

13   COUNCILMAN GABRIELSEN: But now, once

14   it's been established July 1st, now it's up to

15   us to make the decision again, we can move

16   forward with it or not. So we're saying do we

17   have enough faith in what we've done, that we

18   may make -- not make the right decision?

19   SUPERVISOR WALTER: No. What I'm saying

20   to you is, if you're willing to take that leap

21   of faith for the first six months and do it on

22   both positions for the first six months --

23   COUNCILMAN GABRIELSEN: So that's Youth

24   Bureau, without the other one, just the Youth

25   Bureau.

1   SUPERVISOR WALTER: Let's look at --

2 let's take that leap of faith for six months

3 for both positions. We can make a

4 determination in five months from now, it

5 won't be a tremendous burden, and take the

6 leap of faith with me on the budget.

7   The taxpayers, they're clamoring for

8 smaller government, and the only way I know

9 how to do it is to cut and consolidate, and

10 that's what we've done.

11   COUNCILMAN GABRIELSEN: Well, you also

12 cut the Chief Code Enforcer.

13   SUPERVISOR WALTER: Correct.

14   COUNCILMAN GABRIELSEN: And we agree

15 with that.

16   SUPERVISOR WALTER: Okay. Thank you.

17   COUNCILMAN GABRIELSEN: So, if you get a

18 net from 2012 to '13, we have cut also, you

19 know, personnel, and we've made it a half of a

20 possible position with the Youth Bureau. So

21 the only real disagreement we have is the

22 Personnel Director.

23   SUPERVISOR WALTER: No. The

24 disagreement is both --

25   COUNCILMAN GABRIELSEN: Not

1   disagreement, I mean, that position.

2   SUPERVISOR WALTER: The point that I'm

3   making is, following your logic, is let's give

4   it a try. Let's give it a try. We owe it to

5   the taxpayers to give it a try. Cut both

6   positions. Cut both positions. Look at it in

7   July, and if it comes out that it's not

8   possible that we can function without a Youth

9   Bureau or Personnel Director, then we bring it

10   back. And you know what, that is something --

11   COUNCILMAN GABRIELSEN: I understand that.

12   SUPERVISOR WALTER: That is a

13   legitimate --

14   COUNCILMAN GABRIELSEN: I agree with you

15   on the Youth Bureau position, but I still want

16   to put July 1st. It's either way.

17   COUNCILMAN WOOTEN: What is this? What

18   are you commenting on?

19   COUNCILMAN GABRIELSEN: I'm commenting

20   on this, but we can move forward. But I just

21   have a difference on Personnel Director. I

22   don't think we could functioning without one.

23   COUNCILWOMAN GIGLIO: Jim, after the

24   Work Session last Thursday, the Supervisor

25   asked you to go out and do an investigation,

1   and speak to some employees, and speak to some

2   of the people. I mean, morale in this Town

3   is, I feel, down, productivity is down. I

4   feel that eliminating the Personnel Director

5   is only going to make it worse.

6   Jim, what did you find out?

7   COUNCILMAN WOOTEN: I found out that I'd

8   like to vote on it.

9   COUNCILWOMAN GIGLIO: Okay.

10   COUNCILMAN GABRIELSEN: We can comment

11   when we vote. Sorry.

12   SUPERVISOR WALTER: If he wants to vote,

13   let's vote.

14   COUNCILMAN DUNLEAVY: Wait a minute.

15   Everybody talked and I would like to say

16   something.

17   SUPERVISOR WALTER: Okay.

18   COUNCILMAN DUNLEAVY: Okay.

19   SUPERVISOR WALTER: You're the last guy?

20   COUNCILMAN DUNLEAVY: I'm the last guy.

21   SUPERVISOR WALTER: Okay. You're the

22   senior Council Member.

23   COUNCILMAN DUNLEAVY: I am disappointed

24   that we're not going to have the Youth Bureau

25   Director. Youth Bureau is run by volunteers.

1   We need a coordinator. And if you start

2   saying, "Well, in July we'll see if we need

3   one," and you start looking for a Youth Bureau

4   Director in July, you're not going to be able

5   to hire one until October or November. And

6   then those with the programs will have to be

7   -- go forward. This decision has to be made

8   in May.

9   SUPERVISOR WALTER: In May.

10   COUNCILMAN DUNLEAVY: In May.

11   SUPERVISOR WALTER: Yeah, so we'll make

12   it in May.

13   COUNCILMAN DUNLEAVY: And we can say,

14   "Okay, let's start looking," because

15   volunteers need a coordinator. The Recreation

16   Department has enough work to do, and Ray

17   Coyne does a good job in what he does.

18   The reason why it's out of the

19   Recreation Department, because nobody wanted

20   to fund directly the Youth Bureau. And I

21   think the youth in this community, when the

22   budgets are cut, suffer. And just like was

23   said before, for every dollar we spend today,

24   we're returning $20 in 15 or 20 years, because

25   if we save two or three children, that's two

1 or three children that are not going to be in

2 the system, which would cost us a heck of a

3 lot of money.

4   COUNCILMAN GABRIELSEN: It's priceless.

5   COUNCILMAN DUNLEAVY: So, you know, I

6 was against abolishing it at all.

7   SUPERVISOR WALTER: Right. Well, we

8 talked about May. You know, let's go for the

9 vote.

10   COUNCILMAN DUNLEAVY: Okay.

11

12   COUNCILMAN GABRIELSEN: Do we have this

13 CDA thing?

14   SUPERVISOR WALTER: We have a CDA

15 resolution?

16   COUNCILMAN GABRIELSEN: A couple of

17 CDA's.

18   MS. WILHELM: Well, we don't?

19   COUNCILMAN GABRIELSEN: Two of them.

20   MS. WILHELM: That CDA resolution --

21   COUNCILMAN DUNLEAVY: We're doing 19

22 first?

23   COUNCILMAN WOOTEN: No, 19 has been

24 changed.

25   MS. WILHELM: CDA 19 is now 893, and

1   Pays Bills, which is 893, is now 894.

2   COUNCILMAN GABRIELSEN: So this is way

3   in the back.

4   SUPERVISOR WALTER: And has it been

5   amended?

6   MS. WILHELM: I don't know that it has

7   ever --

8   SUPERVISOR WALTER: Did we get a new CDA

9   resolution that it doesn't --

10   MS. WILHELM: It doesn't look --

11   SUPERVISOR WALTER: And Chris, where is

12   Chris, because we had tabled that CDA

13   resolution with Bread and More?

14   MS. KEMPNER: Yeah.

15   SUPERVISOR WALTER: All right. Does that

16   have to be adopted today?

17   MS. KEMPNER: I think that's a Town

18   resolution, the budget lines.

19   SUPERVISOR WALTER: That is true, yeah.

20   Okay. I'm sorry, you're right. That has to

21   be untabled --

22   COUNCILMAN DUNLEAVY: For 2012.

23   SUPERVISOR WALTER: That has to be

24   untabled and adopted?

25   MS. KEMPNER: Yes. It just adds budget

1   lines for 2012.

2   SUPERVISOR WALTER: Okay. I don't know

3   where that -- what number is that one?

4   COUNCILMAN DUNLEAVY: This is --

5   COUNCILMAN GABRIELSEN: 839.

6   COUNCILMAN DUNLEAVY: -- 839. I'd like

7   to untable and make a motion to untable

8   Resolution 839.

9   SUPERVISOR WALTER: That one was

10   amended, Chris, for Bread and More, or

11   something? I saw something handwritten into

12   mine, which now is --

13   MS. KEMPNER: There was a question about

14   what --

15   COUNCILMAN WOOTEN: Soup kitchen

16   supplies is supposed to be Bread and More.

17   MS. KEMPNER: What the recipient was for

18   that line, so we put Bread and More.

19   SUPERVISOR WALTER: It's Bread and More.

20   MS. KEMPNER: Just so it was clear,

21   because Maureen's Haven wasn't included in

22   2012. We didn't want any misunderstanding.

23   SUPERVISOR WALTER: Okay. All right. So

24   COUNCILMAN WOOTEN: I'll second.

25   COUNCILMAN DUNLEAVY: There's a motion

1   on the floor.

2   COUNCILMAN WOOTEN: I'll second.

3   SUPERVISOR WALTER: Second as amended

4   with Bread and More with the -- okay.   So

5   moved and seconded to untable.   Vote, please.

6   (Roll Call Vote by Town Clerk.)

7   COUNCILWOMAN GIGLIO: Yes.

8   COUNCILMAN GABRIELSEN: Yes.

9   COUNCILMAN WOOTEN: Yes.

10   COUNCILMAN DUNLEAVY: Yes.

11   SUPERVISOR WALTER: Yes.

12   MS. WILHELM: The resolution is untabled.

13   COUNCILMAN DUNLEAVY: CDBG 2012 Program

14   Budget Adoption, with Soup Kitchen Supplies

15   changed to Bread and More.   So moved.

16   COUNCILMAN WOOTEN: Second.

17   SUPERVISOR WALTER: Moved and seconded.

18   Vote, please.

19   (Roll Call Vote by Town Clerk.)

20   COUNCILWOMAN GIGLIO: Yes.

21   COUNCILMAN GABRIELSEN: Yes.

22   COUNCILMAN WOOTEN: Yes.

23   COUNCILMAN DUNLEAVY: Yes.

24   SUPERVISOR WALTER: Yes.

25   MS. WILHELM: Resolution adopted.

1   Resolution 872.

2   COUNCILMAN WOOTEN: Authorizes Amendment

3   to Preliminary Budget for 2013 Funding in the

4   General Fund. So moved.

5   COUNCILMAN GABRIELSEN: And seconded.

6   SUPERVISOR WALTER: Moved and seconded.

7   Vote, please.

8   (Roll Call Vote by Town Clerk.)

9   COUNCILWOMAN GIGLIO: Yes.

10   COUNCILMAN GABRIELSEN: Yes.

11   COUNCILMAN WOOTEN: Jodi, in response to

12 your question, yes, I had some concerns. I

13 wanted to make sure that Town Government can

14 operate without a Personnel Director, and

15 you're right, and we did for many years. Most

16 of my police career, we didn't have one. We

17 had more or less a Town Manager, who was Jack

18 Hansen at the time. Although he was a

19 Comptroller with no CPA license, but in any

20 event, he ran the show.

21   It was on the behest of our new

22 accountant who was brought in that said, "You

23 know what, there are some services in

24 Personnel that should be separated from

25 Accounting because it's conflicting. So you

1   got to be careful what you wish for, but -- so

2   we created that position.

3   Here I find myself standing up for the

4   employees and not standing for the taxpayers.

5   That's pretty good. We took a role reversal

6   here.

7   I am a taxpayer in the Town, I do own

8   property in the Town of Riverhead, and I do

9   know most everybody in Riverhead, I've been

10   here forever. Doesn't mean that I -- that

11   doesn't mean anything, really, at all by

12   itself. But I can tell you, looking at

13   different townships, looking at Peconic Bay

14   Medical, looking at Mather Memorial where my

15   brother works, there's a lot of -- to be said

16   about human resources and Personnel Directors.

17   I think in the structure of government,

18   it's difficult to eliminate that position, I

19   really do. I mean, taking personalities out

20   of it, taking conflict, whatever you want to

21   take out, just looking at the structure of

22   government, especially when you have unions

23   and you have CBA's, collective bargaining

24   agreements, and you have all these issues, you

25   really need a Personnel Director to head that

1   off and to deal with that.

2   So, strictly, as a structural --

3   government structure, I have to support the

4   position of Personnel Director.

5   So I vote yes.

6   MS. WILHELM: Dunleavy.

7   COUNCILMAN DUNLEAVY: That was a nice

8   speech.

9   COUNCILMAN WOOTEN: Well, it's the truth.

10   COUNCILMAN DUNLEAVY: I go back to what

11   Councilman Wooten said, that that was

12   requested that we have a Personnel Director

13   for the Town of Riverhead, because we are --

14   we are not a small town anymore, we are

15   getting larger.

16   And when we put out the request and the

17   advertisement, not one Riverhead resident

18   applied for it. And I'm a person who will

19   hire a Riverhead resident first before we hire

20   anyone else that lives out of town, but on

21   some things we don't get Riverhead residents

22   to apply for. We can't force people to apply

23   for jobs, so we have to hire from the people

24   who apply for the job when it is advertised.

25   You can go down departments and see that in

1   almost every department that we have.

2   So I think that this Town needs a

3   Personnel Director. And I think that the

4   Accounting Department is separate, and that's

5   who requested this, that a Personnel Director

6   be hired to separate it from the Accounting

7   Department, except now some people are locking

8   heads.

9   And I think we can go back and look at

10   what we -- what we have, what we want, and see

11   if it's going to work or not work. But I

12   don't want to get rid of a Personnel Director,

13   so I have to vote yes.

14   MS. WILHELM: Walter.

15   SUPERVISOR WALTER: No.

16   MS. WILHELM: Resolution adopted.

17   Resolution 873.

18   COUNCILMAN GABRIELSEN: Authorizes

19   Amendment to Preliminary Budget for 2013

20   Funding in the General Fund. So moved.

21   COUNCILWOMAN GIGLIO: And seconded.

22   SUPERVISOR WALTER: Moved and seconded.

23   Vote, please.

24   (Roll Call Vote by Town Clerk.)

25   COUNCILWOMAN GIGLIO: Yes.

1   COUNCILMAN GABRIELSEN: I just want to

2   point out on the second page, where we have

3   the different accounts, etcetera, that the

4   Youth Bureau Director position would be in

5   effect July 1st, so that's in here, so this

6   would be a net number.

7   I would vote yes.

8   MS. WILHELM: Wooten.

9   COUNCILMAN WOOTEN: You know, I

10   understand that this is -- I think I used this

11   analogy last Thursday. And I realize that by

12   putting a Personnel Director back in, that

13   it's going to -- we're going to take a little

14   hit in the fund balance. But thank God we got

15   runways that we're making 150,000 a month on,

16   but I don't like wringing the sponge dry, I

17   just don't like that.

18   I realize that these were all overages

19   in the statements. There were some that we

20   save like the Tax Receiver, and that's real

21   money. Some of these I think is cutting too

22   close to where, like the Supervisor says,

23   there's just no -- there's just no cushion and

24   I don't like that. I'm going to vote no.

25   MS. WILHELM: Dunleavy.

1   COUNCILMAN DUNLEAVY: I concur with

2   Councilman Wooten.   I want a Youth Bureau

3   Director all year, not a half a year.   And I

4   think that a lot of this stuff is departments

5   need a little cushion in case emergencies come

6   up, and we're taking out that cushion, and

7   we're saying, "Whatever you have, you have to

8   spend."

9   Now, gasoline goes up, employees go up,

10   everything's going up, and I think this

11   cushion of $91,000 is not going to reduce the

12   tax rate in the Town of Riverhead.   All it's

13   going to do is help our -- is hinder our

14   departments from trying to do a good job,

15   especially when something comes up.   So I,

16   too, have to vote no.

17   MS. WILHELM: Walter.

18   SUPERVISOR WALTER: No.

19   COUNCILMAN WOOTEN: I will clarify that

20   we will definitely look at the Youth Bureau.

21   COUNCILMAN GABRIELSEN: And there's also

22   the cuts for different Councilpeople, and the

23   Town Board Coordinator is in here, too.

24   COUNCILMAN WOOTEN: Oh, I see.

25   MS. WILHELM: The resolution is not

1   adopted.

2   COUNCILMAN WOOTEN: I didn't see that.

3   COUNCILMAN GABRIELSEN: Yeah, that's in

4   there also.

5   COUNCILWOMAN GIGLIO: Yes, the raises.

6   Jim Wooten, Councilman Gabrielsen and myself

7   are not taking the raises that were proposed

8   in the budget.

9   COUNCILMAN WOOTEN: Well, I would say,

10   regardless, I'm not taking it anyway.

11   MS. WILHELM: Resolution 874.

12   COUNCILWOMAN GIGLIO: Authorizes

13   Amendment to Preliminary Budget for 2013

14   Funding in the Ambulance District. So moved.

15   COUNCILMAN DUNLEAVY: And seconded.

16   SUPERVISOR WALTER: Moved and seconded.

17   Vote, please.

18   (Roll Call Vote by Town Clerk.)

19   COUNCILWOMAN GIGLIO: Yes.

20   COUNCILMAN GABRIELSEN: Yes.

21   COUNCILMAN WOOTEN: Yes.

22   COUNCILMAN DUNLEAVY: Yes.

23   SUPERVISOR WALTER: Yes.

24   MS. WILHELM: Resolution adopted.

25   Resolution 875.

1   COUNCILMAN DUNLEAVY: Increase Petty

2   Cash, Juvenile Aid Bureau. So moved.

3   COUNCILMAN WOOTEN: Second.

4   SUPERVISOR WALTER: Moved and seconded.

5   Vote, please.

6   (Roll Call Vote by Town Clerk.)

7   COUNCILWOMAN GIGLIO: Yes.

8   COUNCILMAN GABRIELSEN: Yes.

9   COUNCILMAN WOOTEN: Yes.

10   COUNCILMAN DUNLEAVY: Yes.

11   SUPERVISOR WALTER: Yes.

12   MS. WILHELM: Resolution adopted.

13   Resolution 876.

14   COUNCILMAN WOOTEN: Department of

15   Justice J.A.B./Youth Grant, Budget Adjustment.

16   So moved.

17   COUNCILMAN GABRIELSEN: And seconded.

18   SUPERVISOR WALTER: Moved and seconded.

19   Vote, please.

20   (Roll Call Vote by Town Clerk.)

21   COUNCILWOMAN GIGLIO: Yes.

22   COUNCILMAN GABRIELSEN: Yes.

23   COUNCILMAN WOOTEN: Yes.

24   COUNCILMAN DUNLEAVY: Yes.

25   SUPERVISOR WALTER: Yes.

1   MS. WILHELM: Resolution adopted.

2   Resolution 877.

3   COUNCILMAN GABRIELSEN: General Fund -

4   Police, and that's a budget adoption. So

5   moved.

6   COUNCILWOMAN GIGLIO: And seconded.

7   SUPERVISOR WALTER: Moved and seconded.

8   Vote, please.

9   (Roll Call Vote by Town Clerk.)

10   COUNCILWOMAN GIGLIO: Yes.

11   COUNCILMAN GABRIELSEN: Yes.

12   COUNCILMAN WOOTEN: Yes.

13   COUNCILMAN DUNLEAVY: Yes.

14   SUPERVISOR WALTER: Yes.

15   MS. WILHELM: Resolution adopted.

16   Resolution 878.

17   COUNCILWOMAN GIGLIO: Establishes Date

18   for the 13th Annual Town of Riverhead Bonfire

19   and Holiday Celebration. So moved.

20   COUNCILMAN DUNLEAVY: And seconded.

21   SUPERVISOR WALTER: Moved and seconded.

22   Vote, please.

23   (Roll Call Vote by Town Clerk.)

24   COUNCILWOMAN GIGLIO: Yes.

25   COUNCILMAN GABRIELSEN: Yes.

1   COUNCILMAN WOOTEN: Yes.

2   COUNCILMAN DUNLEAVY: Yes.

3   SUPERVISOR WALTER: Yes.

4   MS. WILHELM: Resolution adopted.

5   Resolution 879.

6   COUNCILMAN DUNLEAVY: Rescinds

7   Resolution No. 591 Entitled, Awards Bid for GE

8   Evolve LED Series Avery Post Top Street

9   Lights. So moved.

10   COUNCILMAN WOOTEN: Seconded.

11   SUPERVISOR WALTER: Moved and seconded.

12   Vote, please.

13   (Roll Call Vote by Town Clerk.)

14   COUNCILWOMAN GIGLIO: Yes.

15   COUNCILMAN GABRIELSEN: Yes.

16   COUNCILMAN WOOTEN: Yes.

17   COUNCILMAN DUNLEAVY: Yes.

18   SUPERVISOR WALTER: Yes.

19   MS. WILHELM: Resolution adopted.

20   Resolution 880.

21   COUNCILMAN WOOTEN: This is a General

22   Fund Budget Adjustment. So moved.

23   COUNCILMAN GABRIELSEN: And seconded.

24   SUPERVISOR WALTER: Moved and seconded.

25   Vote, please.

1   (Roll Call Vote by Town Clerk.)

2   COUNCILWOMAN GIGLIO: Yes

3   COUNCILMAN GABRIELSEN: Yes.

4   COUNCILMAN WOOTEN: Yes.

5   COUNCILMAN DUNLEAVY: Yes.

6   SUPERVISOR WALTER: Yes.

7   MS. WILHELM: Resolution adopted.

8   Resolution 881.

9   COUNCILMAN GABRIELSEN: Police

10   Department Budget Adjustment. So moved.

11   COUNCILWOMAN GIGLIO: And seconded.

12   SUPERVISOR WALTER: Moved and seconded.

13   Vote please.

14   (Roll Call Vote by Town Clerk.)

15   COUNCILWOMAN GIGLIO: Yes.

16   COUNCILMAN GABRIELSEN: Yes.

17   COUNCILMAN WOOTEN: I want to test these

18   things on people. Yes.

19   COUNCILMAN DUNLEAVY: Yes.

20   SUPERVISOR WALTER: Yes.

21   MS. WILHELM: Resolution adopted.

22   Resolution 882.

23   COUNCILWOMAN GIGLIO: Ratifies the

24   Promotion of a Detective. So moved.

25   COUNCILMAN DUNLEAVY: And seconded.

1   SUPERVISOR WALTER: Moved and seconded.

2   Vote, please.

3   (Roll Call Vote by Town Clerk.)

4   COUNCILWOMAN GIGLIO: This is a

5   contractual agreement, so I'll vote yes.

6   COUNCILMAN GABRIELSEN: Yes.

7   COUNCILMAN WOOTEN: Yes.

8   COUNCILMAN DUNLEAVY: Yeah. I think

9   Mark Stromski is doing a great job. That's

10   why the Chief left him where he was until we

11   release a contractual agreement that we

12   promote him to --

13   COUNCILMAN WOOTEN: Five years as

14   ranking officer.

15   COUNCILMAN DUNLEAVY: Yes.

16   SUPERVISOR WALTER: Yes.

17   MS. WILHELM: Resolution adopted.

18   Resolution 883.

19   COUNCILMAN DUNLEAVY: Accepts the

20   Resignation of a Part-Time Police Officer. So

21   moved.

22   COUNCILMAN WOOTEN: Seconded.

23   SUPERVISOR WALTER: Moved and seconded.

24   Vote, please.

25   (Roll Call Vote by Town Clerk.)

1   COUNCILWOMAN GIGLIO: Yes.

2   COUNCILMAN GABRIELSEN: Yes.

3   COUNCILMAN WOOTEN: Yes.

4   COUNCILMAN DUNLEAVY: Yes.

5   SUPERVISOR WALTER: Yes.

6   MS. WILHELM: Resolution adopted.

7   Resolution 884.

8   COUNCILMAN WOOTEN: Authorizes the Town

9   Clerk to Publish and Post a Help Wanted Ad for

10   a Part-Time Kennel Attendant. So moved

11   COUNCILMAN GABRIELSEN: And seconded.

12   SUPERVISOR WALTER: Moved and seconded.

13   Vote, please.

14   (Roll Call Vote by Town Clerk.)

15   COUNCILWOMAN GIGLIO: Yes.

16   COUNCILMAN GABRIELSEN: Yes.

17   COUNCILMAN WOOTEN: Yes.

18   COUNCILMAN DUNLEAVY: Yes.

19   SUPERVISOR WALTER: Yes.

20   MS. WILHELM: Resolution adopted.

21   Resolution 885.

22   COUNCILMAN GABRIELSEN: Adjusts Metered

23   Water Reading, Calverton Sewer District. So

24   moved.

25   COUNCILWOMAN GIGLIO: And seconded.

1   SUPERVISOR WALTER: Moved and seconded.

2 Vote, please.

3   (Roll Call Vote by Town Clerk.)

4   COUNCILWOMAN GIGLIO: This was because

5 of a water leak in the water lines, so yes.

6   COUNCILMAN GABRIELSEN: Yes.

7   COUNCILMAN WOOTEN: Yeah, I guess your

8 average goes up 120,000 a month. Yes.

9   COUNCILMAN DUNLEAVY: Yes.

10   SUPERVISOR WALTER: Yes.

11   MS. WILHELM: Resolution adopted.

12   Resolution 886.

13   COUNCILWOMAN GIGLIO: Adjusts Metered

14 Water Reading, Calverton Sewer District,

15 Suffolk County Tax Map District 600, Section

16 135.2, Block 1, Lot 16. So moved.

17   COUNCILMAN DUNLEAVY: And seconded.

18   SUPERVISOR WALTER: Moved and seconded.

19 Vote, please.

20   (Roll Call Vote by Town Clerk.)

21   COUNCILWOMAN GIGLIO: Yes.

22   COUNCILMAN GABRIELSEN: Yes.

23   COUNCILMAN WOOTEN: Yes.

24   COUNCILMAN DUNLEAVY: Yes.

25   SUPERVISOR WALTER: Yes.

1   MS. WILHELM: Resolution adopted.

2   Resolution 887.

3   COUNCILMAN DUNLEAVY: Rejects Bids for

4   Calverton Sewer District Sewer District

5   Extension No. 1, Burman, Calverton Sanitary

6   Pump Station Upgrades Hangar Pump and Station

7   Bid.   So moved.

8   COUNCILMAN WOOTEN: I'll second.

9   SUPERVISOR WALTER: Moved and seconded.

10   Vote, please.

11   (Roll Call Vote by Town Clerk.)

12   COUNCILWOMAN GIGLIO: Yes.

13   COUNCILMAN GABRIELSEN: Yes.

14   COUNCILMAN WOOTEN: Yes.

15   COUNCILMAN DUNLEAVY: Yes.

16   SUPERVISOR WALTER: Yes.

17   MS. WILHELM: Resolution adopted.

18   Resolution 888.

19   COUNCILMAN WOOTEN: Approved Extension

20   of Security Posted by Birchwood at Wading

21   River LLC in Connection with the Subdivision

22   Entitled "Birchwood at Wading River - Section

23   3," Road and Drainage Improvements.   So moved.

24   COUNCILMAN GABRIELSEN: And seconded.

25   SUPERVISOR WALTER: Moved and seconded.

1   Vote, please.

2   (Roll Call Vote by Town Clerk.)

3   COUNCILWOMAN GIGLIO: Yes.

4   COUNCILMAN GABRIELSEN: Yes.

5   COUNCILMAN WOOTEN: Yes.

6   COUNCILMAN DUNLEAVY: Yes.

7   SUPERVISOR WALTER: Yes.

8   MS. WILHELM: Resolution adopted.

9   Resolution 889.

10   COUNCILMAN GABRIELSEN: Authorizes the

11   Supervisor to Execute a Municipal Cooperation

12   Agreement Between the Town of Riverhead and

13   the Riverhead Fire District for Sand and Salt

14   Services. So moved.

15   COUNCILWOMAN GIGLIO: And seconded.

16   SUPERVISOR WALTER: Moved and seconded.

17   Vote, please.

18   (Roll Call Vote by Town Clerk.)

19   COUNCILWOMAN GIGLIO: Yes.

20   COUNCILMAN GABRIELSEN: Yes.

21   COUNCILMAN WOOTEN: Yes. That has some

22   verbiage in it that has to be straightened

23   out, but yes.

24   COUNCILMAN DUNLEAVY: Yes.

25   SUPERVISOR WALTER: Yes.

1   MS. WILHELM: Resolution adopted.

2   Resolution 890.

3   COUNCILWOMAN GIGLIO: Authorizes the

4   Supervisor to Execute an Agreement with Flynn

5   Stenography & Transcription Services for

6   Transcription of Town Meetings.   So moved.

7   COUNCILMAN DUNLEAVY: And seconded.

8   SUPERVISOR WALTER: Moved and seconded.

9   Vote, please.

10   (Roll Call Vote by Town Clerk.)

11   COUNCILWOMAN GIGLIO: This is a

12   resolution that was put in the packet, that it

13   was not discussed at Work Session.   It was an

14   afterthought from the Town Clerk, which she

15   discussed with us.   And we -- so we need the

16   transcription, so I'll vote yes.

17   COUNCILMAN GABRIELSEN: Yes.

18   COUNCILMAN WOOTEN: Yes.

19   COUNCILMAN DUNLEAVY: Yes.

20   SUPERVISOR WALTER: Yes.

21   MS. WILHELM: Resolution adopted.

22   Resolution 891.

23   COUNCILMAN DUNLEAVY: Economic Recovery

24   Projects Municipal/Sponsor Resolution for PIN

25   075954 Alternative Transportation Path, Amends

1   Town of Riverhead Contract to Allow New York

2   State DOT to Complete Construction.   So moved.

3   COUNCILMAN WOOTEN: Wow.   I'll second that.

4   SUPERVISOR WALTER: Moved and seconded.

5   Vote, please.

6   (Roll Call Vote by Town Clerk.)

7   COUNCILWOMAN GIGLIO: This is something

8   that has been worked on for many, many years.

9   And I have to thank Chris Kempner, our

10   Community Development Agency Director, and Ken

11   Testa of Engineering, who have worked so hard

12   on this.

13   And we were nearing the deadline to

14   where the Federal money wouldn't be available

15   if we didn't meet a deadline.   So the State of

16   New York stepped in and said this is such a

17   great project for the Town of Riverhead for

18   alternative transportation route from EPCAL

19   all the way through to Jamesport and to the

20   beaches on the North Shore, from the South

21   Shore all the way over to the North Shore.

22   It is a great project, and I'm just

23   thrilled that the New York State DOT is going

24   to be dealing with the Federal Government and

25   taking the Town out of the equation.   So I

1   will definitely be supporting this

2   application. Yes.

3   COUNCILMAN GABRIELSEN: Yes.

4   COUNCILMAN WOOTEN: Yes.

5   COUNCILMAN DUNLEAVY: Yes. This is a

6   great project for bicyclists so they can bike

7   safely on roads. And this one that the Town

8   of Riverhead did not want to get involved with

9   because of the funds that we would have to put

10 into it, and I think it was a shame. But New

11 York State DOT stepped up to the plate and

12 bailed us out. So I have to give them all

13 kudos. And I vote yes.

14   SUPERVISOR WALTER: Yes.

15   MS. WILHELM: Resolution adopted.

16   Resolution 892.

17   COUNCILMAN WOOTEN: Economic Recovery

18 Projects Municipal/Sponsor Resolution for PIN

19 075954 Alternative Transportation Path, Amends

20 the Town of Riverhead Contract to Design Phase

21 Only. So moved.

22   COUNCILMAN GABRIELSEN: And seconded.

23   SUPERVISOR WALTER: Moved and seconded.

24 Vote, please.

25   (Roll Call Vote by Town Clerk.)

1   COUNCILWOMAN GIGLIO: Yes.

2   COUNCILMAN GABRIELSEN: Yes.

3   COUNCILMAN WOOTEN: Yes.

4   COUNCILMAN DUNLEAVY: Yes.

5   SUPERVISOR WALTER: Yes.

6   MS. WILHELM: Resolution adopted.

7   Resolution 890 --

8   SUPERVISOR WALTER: Three.

9   MS. WILHELM: -- three.

10   COUNCILMAN DUNLEAVY: Authorizes

11   Supervisor to Sign Amendment to Extend

12   Contract with the New York State Affordable

13   Housing Corporation for $200,000 to Support

14   the Town of Riverhead Home Improvement

15   Program. So moved.

16   COUNCILMAN WOOTEN: Second.

17   SUPERVISOR WALTER: Moved and seconded.

18   Vote, please.

19   COUNCILWOMAN GIGLIO: Yes.

20   COUNCILMAN GABRIELSEN: Yes.

21   COUNCILMAN WOOTEN: Yes.

22   COUNCILMAN DUNLEAVY: Yes.

23   SUPERVISOR WALTER: Yes.

24   MS. WILHELM: Resolution adopted.

25   Resolution 894.

1   COUNCILMAN GABRIELSEN: Pays Bills. So

2   moved.

3   COUNCILWOMAN GIGLIO: And seconded.

4   SUPERVISOR WALTER: Moved and seconded.

5   Vote, please.

6   (Roll Call Vote by Town Clerk.)

7   COUNCILWOMAN GIGLIO: Yes.

8   COUNCILMAN GABRIELSEN: Yes.

9   COUNCILMAN WOOTEN: Yes.

10   COUNCILMAN DUNLEAVY: Yes.

11   SUPERVISOR WALTER: Yes.

12   MS. WILHELM: Resolution adopted.

13   SUPERVISOR WALTER: Okay. We open the

14   Board meeting to public comment. We ask you

15   to limit your comments to five minutes. Sal

16   Mastropaolo.

17   MR. MASTROPAOLO: Just one quick

18   comment. About a month ago, there was an

19   article in the paper about some poor guy that

20   got in two different accidents at the same

21   corner in Riverhead within three hours, with

22   two out-of-state plates, okay, unlicensed,

23   uninsured.

24   How many more accidents are going to go

25   on in the Town of Riverhead before the Town

1   addresses out-of-state plates in this Town?

2   Thank you.

3   SUPERVISOR WALTER: Thank you.

4   Mr. Hattorff

5   MR. HATTORFF: During the resolutions,

6   Jodi, George, and Jim said they weren't taking

7   a salary increase?

8   SUPERVISOR WALTER: Right.

9   COUNCILWOMAN GIGLIO: That's correct.

10   MR. HATTORFF: Are you taking your annuity?

11   COUNCILMAN WOOTEN: Is there an increase

12   in that?

13   MR. HATTORFF: There's a cost of living

14   increase, and it's been in that, automatic,

15   every year, since probably '96.

16   COUNCILMAN WOOTEN: I don't really see

17   that, so I'll look.

18   MR. HATTORFF: So you really are taking

19   a salary increase.

20   COUNCILMAN WOOTEN: No, no, no.

21   COUNCILWOMAN GIGLIO: No, the salary is

22   remaining the same.

23   COUNCILMAN WOOTEN: On the base salary.

24   COUNCILWOMAN GIGLIO: Yup.

25   MR. HATTORFF: But you're still taking a

1   cost of living salary increase, which costs

2   the taxpayers money, because it's coming into

3   your annuity. The only difference is you

4   might not put it in your pocket now, you'll

5   put it in your pocket later, but you are

6   getting a salary increase in your annuity.

7   SUPERVISOR WALTER: There is a little

8   increase on that.

9   COUNCILWOMAN GIGLIO: No, but when we do

10   the reorganizational meeting, Matt, on

11   January, when we do the reorganizational

12   meeting, we can lower those salaries. And I

13   was told that that was done back in the late

14   '90's with Councilman Stark and Councilman

15   Prusinowski where their salaries were

16   different from other Board Members. So we can

17   still keep the same salaries that we were

18   elected to and --

19   COUNCILMAN WOOTEN: I'll look at it,

20   Matt. If there's a 60 or $62 increase in

21   that, I'll look into that.

22   COUNCILMAN GABRIELSEN: But I would also

23   like to mention, the 2.8% increases in the

24   Supervisor's budget were basically for elected

25   officials, nonuniform and Department Heads,

1 that's where those raises came. I think

2 totally those -- it could have been like 32

3 employees would receive about $75,000 worth of

4 increases.

5   SUPERVISOR WALTER: You've got to

6 be honest there.

7   COUNCILMAN GABRIELSEN: I know there's a

8 contract signed, but that's where that comes

9 with the 2.8.

10   SUPERVISOR WALTER: So the bulk of that

11 was a contract approved by the Town Board,

12 so --

13   COUNCILMAN GABRIELSEN: But I'm saying

14 elected officials. There's people in the

15 offices, you know, whatever.

16   MR. HATTORFF: If you had a zero built

17 into the budget, you would still get cost of

18 living on your annuity.

19   SUPERVISOR WALTER: Yes, that's

20 accurate.

21   MR. HATTORFF: So you are getting an

22 increase.

23   SUPERVISOR WALTER: Yes, okay.

24   COUNCILMAN DUNLEAVY: I just want to say

25 something. I know it's going around the Board

1   here and I just want to -- I'm not giving back

2   my raise, and I'll tell you why.

3   This Town -- I'm not in the retirement

4   system. If I wasn't a Town Board member, I'd

5   still be collecting my retirement, so --

6   SUPERVISOR WALTER: You don't collect

7   from your medical.

8   COUNCILMAN DUNLEAVY: This is not -- so

9   I'm not collecting my retirement as a Town

10   Board member. So that's a good piece of

11   change. Again, they don't have to pay into

12   retirement system for me, the 20%. That's

13   $11,000 a year that they're paying for --

14   COUNCILWOMAN GIGLIO: Absolutely

15   COUNCILMAN DUNLEAVY: -- Jodi and George

16   into the retirement system. I don't take

17   health insurance, so that's another $20,000

18   that I'm saving the Town because I don't take

19   health insurance. Again, Jodi and George, we

20   have to pay --

21   COUNCILMAN GABRIELSEN: You're getting

22   health insurance from your last job; am I

23   correct? You're getting health insurance from

24   the Police?

25   COUNCILMAN DUNLEAVY: I get health

1   insurance from the retirement system, which I

2   would have gotten -- a new member of this

3   Board you would have to pay for. You do not

4   have to pay for it for me.

5   MR. HATTORFF: Listen, I didn't want to

6   start a war between the Council people.

7   COUNCILMAN DUNLEAVY: You did. But

8   anyway --

9   MR. HATTORFF: No, I didn't. I just

10   wanted to make it clear that --

11   COUNCILMAN WOOTEN: We love you, Matt.

12   COUNCILMAN DUNLEAVY: I'm not finished

13   talking, Matt.

14   MR. HATTORFF: And I love you guys. No

15   hard feelings.

16   COUNCILMAN DUNLEAVY: I'm not finished

17   talking, Matt. Matt --

18   MR. HATTORFF: I'm not asking you to

19   justify anything.

20   COUNCILMAN DUNLEAVY: Well, I --

21   MR. HATTORFF: I told you I wasn't going

22   to mention medical benefits or anything else.

23   COUNCILWOMAN GIGLIO: Councilman

24   Dunleavy.

25   COUNCILMAN DUNLEAVY: The other Board

1   Members I have to justify.

2   SUPERVISOR WALTER: Can we let John

3   finish? Let John finish.

4   COUNCILWOMAN GIGLIO: He saves the Town

5   money, no doubt.

6   SUPERVISOR WALTER: Let John finish.

7   COUNCILMAN DUNLEAVY: Also, I don't

8   collect a buy-back from the Town of $1600

9   because I don't take family coverage. I'm

10   entitled to that. So, for the last seven

11   years, I haven't put in for that, okay? So

12   that's another savings to the Town.

13   COUNCILWOMAN GIGLIO: Absolutely.

14   COUNCILMAN DUNLEAVY: So I'm saving the

15   Town approximately, about $70,000.

16   SUPERVISOR WALTER: You're the best

17   Councilman there is.

18   COUNCILWOMAN GIGLIO: Absolutely.

19   SUPERVISOR WALTER: Okay, perfect.

20   COUNCILMAN DUNLEAVY: All right? I just --

21   COUNCILMAN WOOTEN: I'm in the same

22   boat.

23   COUNCILMAN DUNLEAVY: Because people are

24   -- well, you take family coverage now, so it's

25   8,000 for you.

1   COUNCILMAN WOOTEN: Right.

2   COUNCILMAN DUNLEAVY: Okay. So you do

3   take a little bit, but you don't take as much.

4   SUPERVISOR WALTER: Okay, good.

5   COUNCILMAN DUNLEAVY: But, anyway --

6   SUPERVISOR WALTER: We got that all

7   cleared up. We got that all cleared up,

8   folks, we got that all cleared up.

9   COUNCILMAN GABRIELSEN: We're good,

10   that's it.

11   MR. HATTORFF: I just wanted to make

12   sure that --

13   SUPERVISOR WALTER: Thank you, Matt.

14   MR. HATTORFF: -- we all are on the same

15   page.

16   COUNCILMAN DUNLEAVY: So $1700 that's my

17   raise that I'm getting I think I deserve.

18   COUNCILWOMAN GIGLIO: You do deserve it,

19   John.

20   SUPERVISOR WALTER: All right. Step up

21   and let's try to end this.

22   MR. LEWIS: I'll try to bring this to a

23   quick closure.

24   Again, my name is Roger Scott Lewis.

25   I'm here to talk about the resolution to

1 support the public election of Trustees of the

2 Long Island Power Authority. And the reason I

3 am privileged to, or I feel that I'm

4 privileged to address you is because I have

5 customers right here in Riverhead that I have

6 helped and were working on helping them lower

7 their electric bill, from Jamesport Brewery to

8 Braun Seafood, Crest/Good and various other

9 commercial customers out here on the North

10 Fork. And what I'd like to do is just give

11 you this. I'm going to --

12   SUPERVISOR WALTER: That's fine.

13   MR. LEWIS: It's a sample resolution that --

14   SUPERVISOR WALTER: Is this the same one

15 Greg Fischer e-mailed everybody?

16   MR. LEWIS: It's comparable, yeah.

17   COUNCILMAN WOOTEN: It's comparable or --

18   SUPERVISOR WALTER: The same, better.

19 You worked with Greg Fischer on this?

20   MR. LEWIS: Well, let me give you the

21 background, the point, and the benefit, and

22 I'll wrap it right up.

23   Okay. The background is last Spring, I

24 acted on a law, Election Law 1-102. I went

25 around, got 600 signatures in Riverhead and in

1   Southampton, and all the way up the Island, to

2   run for the appointed, or run for the position

3   of LIPA Trustee. And what had happened was

4   the Board of Elections didn't perform their

5   duty and put us on the ballot, even though we

6   filled out the petitions properly and did all

7   the right things.

8   SUPERVISOR WALTER: But there is no

9   position of LIPA Trustees.

10   MR. LEWIS: No, no, you stand corrected.

11   SUPERVISOR WALTER: I sit corrected,

12   actually.

13   MR. LEWIS: Election Law 1-102 is on the

14   books. I'm telling you, it's on the books.

15   We have the Feds on it right now, okay? We're

16   in the Federal Court.

17   SUPERVISOR WALTER: I think Governor

18   Cuomo might be on LIPA, too.

19   MR. LEWIS: Well, that's -- and that's

20   just it, you know, it took a grassroots

21   effort. The beauty of our system is that you

22   can do a grassroots effort and essentially

23   override the power of the Governor, in this

24   case, to become a Trustee of LIPA.

25   SUPERVISOR WALTER: Why do you think an

1   elected Trustee would be better than an

2   appointed Trustee?

3   MR. LEWIS: Just bear with me. I'm just

4   going to give you the background, the point

5   and the benefit, and then -- so I went around,

6   got the 500 signatures, we petitioned the

7   Governor, and we petitioned the Board of

8   Elections to put us on the ballots. They

9   consequently didn't do their jobs, so we've

10   been in the courts suing them to find out why,

11   because the way the system is supposed to work

12   is they put you on the ballots and then they

13   have to sue to get you off, that's the way the

14   system is supposed to work.

15   Well, anyway, we believe that this

16   resolution will help circumvent the ongoing

17   litigation that's going on right now, because

18   this lawsuit's on Mr. Bellone's desk, it's on

19   Mr. Mangano's desk, it's on the Governor's

20   desk, and it is in front of the Court of

21   Appeals, the highest court in New York State,

22   and it's also before Judge Seybert in the

23   Federal Court. And we do have the Department

24   of Justice working with us to make sure that

25   Ms. Seybert does her job.

1   So I also must add that I do teach

2   occasionally at John Jay College of Criminal

3   Justice.

4   SUPERVISOR WALTER: Are you an attorney?

5   MR. LEWIS: No, I'm not.

6   SUPERVISOR WALTER: You just play one on

7   T.V.?

8   MR. LEWIS: This is a pro se, pro se

9   litigant, but no. I'm trying to help the

10   customers lower their electric bills. I've

11   been in a green technology company business

12   since 2008 and all we want to do is help them

13   lower their electric bills.

14   So, consequently, the point of the

15   elections are it's the American way to solve

16   the crisis at LIPA, our electric power

17   company. The benefit is lower electric bills

18   and jobs that have been taken away from my

19   company, from the -- it's also been taken away

20   from the IBEW.

21   And what people don't realize is that

22   LIPA sold our critical infrastructure to the

23   UK, our telephone company has been sold to the

24   UK, and the MTA tax was implemented by a

25   fellow from the U.K. So, as one of the first

1 Dutch settlers, my great-great-great-great

2 grandparents, history is repeating itself. So

3 I am standing up for us and our rights to have

4 elections of the Trustees of LIPA.

5 May we count on your support come the

6 end of this month?

7 SUPERVISOR WALTER: I don't disagree

8 with this, but I don't know that we'd be doing

9 anything now, given all those lawsuits out

10 there. I'm of the mind we'd wait to see how

11 the dust settles on the lawsuits.

12 COUNCILMAN DUNLEAVY: You mentioned that

13 it's in front of the Court of Appeals. So

14 that means that a lawsuit has been instituted,

15 and somebody lost in the lower courts, and

16 you're appealing to the Court of Appeals, you

17 or somebody else is. I don't think we should

18 get involved with something that's already in

19 court and that's being litigated at this time.

20 MR. LEWIS: Well, do you know what an

21 amicus brief is?

22 SUPERVISOR WALTER: I think we're going

23 to let you guys --

24 MR. LEWIS: Okay.

25 SUPERVISOR WALTER: -- fight this out.

1   COUNCILMAN DUNLEAVY: Yes.

2   SUPERVISOR WALTER: And I don't think

3   it's a bad idea, I don't know that it's

4   necessarily a great idea.

5   COUNCILMAN WOOTEN: I certainly don't

6   think it's a bad idea, but there are some

7   assertions made within this resolution that I

8   can't substantiate or know to be true. So, I

9   mean, when you start talking about

10   malfeasance, and crimes, and pecuniary

11   advantages for themselves and stuff, you're

12   making assertions against --

13   MR. LEWIS: I'm glad you pointed that

14   out because --

15   COUNCILMAN WOOTEN: Well, I didn't mean

16   to point it out --

17   MR. LEWIS: National Grid wrote four

18   million dollars worth of checks to criminals.

19   COUNCILMAN WOOTEN: Every time you write

20   a check to a politician, you're doing the same

21   thing.

22   MR. LEWIS: And guess what? I got them

23   prosecuted in the First Precinct in

24   Amityville. And guess what they prosecuted

25   the guy that wrote those checks for?

1   COUNCILMAN WOOTEN: What?

2   MR. LEWIS: Grand Larceny and

3   impersonating -- and ten counts of identity

4   theft. And you know why the identity theft?

5   Because they stole the identity of a company

6   like mine.

7   COUNCILMAN WOOTEN: Oh.

8   MR. LEWIS: And they wrote the checks to

9   those companies. So, consequently, everything

10   we're saying there is absolutely, positively

11   the truth. And that's why we're in the Court

12   of Appeals, because lower Court Judges cannot

13   do Governor Cuomo favors. It's got to be --

14   we've got to stick to our Constitution, and

15   that's why.

16   COUNCILMAN WOOTEN: Well, I can

17   appreciate that. I'm just saying that in that

18   resolution is stuff that I don't know myself

19   to be true and I would have to investigate

20   this.

21   SUPERVISOR WALTER: All right. Well, we

22   look forward to act two on this.

23   MR. LEWIS: Okay. Well, I look forward

24   to more support from you, because it is your

25   constituents here.

1   SUPERVISOR WALTER: All right. Thank

2   you, sir. Steven Romano. How the heck are

3   you doing today, sir?

4   MR. ROMANO: Good. Good evening. Just

5   some comment.

6   MS. WILHELM: Could you just state your

7   name for the transcriptionist?

8   MR. ROMANO: Steve Romano, Riverhead.

9   MS. WILHELM: Thank you.

10   MR. ROMANO: I know a lot of people come

11   up, including myself, and hopefully

12   constructively criticize, or recommend, or

13   suggest. You guys have a tough job. But what

14   I want to state is you five are the elected

15   people, and until such time you're

16   unelected -- I hear a lot of comment from the

17   audience that you should do this or you should

18   do that. You should stay strong to your

19   convictions.

20   My comment would be, when you guys

21   disagree, and you had a good -- some

22   disagreement tonight, but then you just vote

23   and the majority rules, rather than bashing

24   each other's brains, and back and forth,

25   because I think you're all good people with

1 passion, trying to do the right thing, and

2 there are going to be people in the audience

3 that disagree with you.

4   I would assume if Matt was a Councilman

5 representing the union, he'd probably say

6 maybe we should have started with a 4% raise

7 in the budget, we lay nobody off.

8   Obviously, I think, and correct me if

9 I'm wrong, the Board took the position they

10 were going to try to stay within the New York

11 State 2% property tax increase, and then went

12 to 2.8. Within that, you've got to cut

13 somewhere. I think there's three things.

14 Either you cut, you get concessions from

15 employees, you find more revenue, which you're

16 working on.

17   So it's easy to criticize from this

18 side, and I know you guys do that, and I know

19 that's part of our job as citizens, to come up

20 here and speak to you and say our piece.

21   The other comment I want to make is,

22 being a realist, all the programs that the CDA

23 talks about and monies that are funded,

24 sometimes we got to deal with reality, and I

25 think we're delusional. I'm saying, all of

1   us, we have our heads in the sand.

2   When we talk about grant money, we talk

3   about it like it's magic money. The Federal

4   Government, and I think we all know this, we

5   actually -- what we're doing is we're going to

6   fund these programs on the Federal credit

7   card, okay, that if anyone in this room is

8   under 50, you're the people that are going to

9   get screwed; my children, my grandchildren,

10   same for you guys. It's easy --

11   SUPERVISOR WALTER: Wait a minute, I'm

12   still under 50, Steve.

13   MR. ROMANO: Okay. So anyone under 50,

14   you're going to paying for these big time.

15   SUPERVISOR WALTER: So is Councilwoman

16   Giglio.

17   MR. ROMANO: Yeah, And I know it. So

18   when you guys at least vote for it, you

19   understand that you're going to be paying for it.

20   SUPERVISOR WALTER: I know exactly where

21   the money is coming from.

22   COUNCILMAN WOOTEN: Grant money is

23   Federal money, you're right.

24   COUNCILWOMAN GIGLIO: And you know what,

25   thank you so much for standing up and saying

1   this. And it's incredible how much money is

2   taken from our tax money, and when we buy

3   something, where it goes, and it goes to fund

4   these programs that come out as grant money.

5   And if it doesn't come here, it goes

6   somewhere. So until we stop the animal --

7   MR. ROMANO: That's the problem, yes.

8   You can't be the first one, everybody has to

9   do it together.

10   COUNCILWOMAN GIGLIO: Right.

11   MR. ROMANO: Because otherwise our money

12   will just go to some other town. And I

13   realize it's just a predicament, but I think,

14   basically, you came up with what you felt the

15   taxpayers, at least from when you got elected

16   and what your positions were, that it had to

17   be this increase.

18   Now you're going to argue about what

19   positions should be cut and what shouldn't,

20   and hopefully you could keep it at that. And

21   then if there's a disagreement, you just have

22   to vote on it. And if you run again and

23   people really don't like what you voted on or

24   did, let them put their name up there.

25   It's a tough -- and again, anyone who's

1   run for office knows what I'm talking about.

2   It's a tough haul to do it, but they're in

3   total disagreement with you, rather than kind

4   of beating your brains in, and I've seen a few

5   people do it and I wish people would stop

6   that. Come up, say your point. If it's a

7   constructive criticism, that's great, and

8   that's the way it should be. Thank you.

9   SUPERVISOR WALTER: Thank you.

10   COUNCILMAN WOOTEN: Thank you.

11   SUPERVISOR WALTER: Does anybody else

12   wish to be heard?

13   (No response.)

14   I'll entertain a motion to adjourn.

15   COUNCILMAN DUNLEAVY: I make a motion

16   that we close the Town Board meeting.

17   SUPERVISOR WALTER: All in favor?

18   COUNCILMAN WOOTEN: Aye.

19   COUNCILMAN DUNLEAVY: Aye.

20   COUNCILWOMAN GIGLIO: Aye.

21   COUNCILMAN GABRIELSEN: Aye.

22   SUPERVISOR WALTER: Aye. Thank you, folks.

23   (Time noted: 9:03 p.m.)
